November 26, 2012 – Montreal, Quebec – Casino.com Canada invites all of its players – new, old, experienced, and novice – to check out its expanded selection of online blackjack and roulette games. As part of the Canadian online casino's mission, the site is always updating its site and introducing players to the newest and most thrilling online games. If there is a new game out there, then Casino.com Canada will find it and make it available on their site. This is particularly true in recent days for the online roulette and blackjack menus which offer some of the best roulette and blackjack games available throughout Canada and around the world.

Some players may opt for the traditional games that they are most used to. If this is the case, then they may want to play Casino.com/ca's live roulette and live blackjack games. High-tech cameras with streaming video feeds enable at-home players to interact and play with people at live brick-and-mortar casinos. For the classic game players out there, this opportunity cannot be beat.

Some of Casino.com Canada's most popular contemporary online blackjack games are:

- Progressive Blackjack
- Blackjack Surrender
- Lucky Blackjack
- 21 Duel Blackjack

Popular online roulette games in Canada are:
