MINNEAPOLIS, MN, UNITED STATES, September 4, 2026 /EINPresswire.com/ -- LeBrent Speed Releases "The Transformation Code," a New Book on Personal and Organizational Change

The Five Keys to Transforming Your Life and Impacting the World hits shelves September 11, 2026

Author, entrepreneur, and business strategist LeBrent Speed today announced the release of his new book, The Transformation Code: The Five Keys to Transforming Your Life and Impacting the World. The book is available starting today at book.lebrentspeed.com.

The book release will be held on September 11th, 2026, from 6:00 PM-9:00 PM at Black Business Enterprise, 1128 Harmon Place, Suite 700, Minneapolis, Minnesota. Hosted by Nyia Harris of the OpenBook Podcast, the evening will offer guests an opportunity to meet Speed, hear an excerpt from the book, participate in an author interview and Q&A, and experience interactive activities and games inspired by the book's Five Keys. Light refreshments will be served.

The celebration is designed to bring together an influential cross-section of Minnesota's business and community network, including entrepreneurs, professionals, community partners and members of Speed's Better Black Business Project networking community. The evening will create space not only to celebrate the book and Speed's birthday, but also to connect leaders around the ideas of transformation, purpose and impact.

The Transformation Code is a major extension of Speed's work as a transformational voice and speaker. The book explores five keys for creating meaningful personal change while challenging

readers to consider how their own transformation can positively impact the world around them. The book also connects directly to Speed's weekly radio program, The Transformation Code with LeBrent Speed, airing Thursdays on WFNU Frogtown Community Radio 94.1 FM. The program expands the conversation through topics including personal development, entrepreneurship, leadership, discipline, purpose and community impact.

LeBrent Speed is currently available for keynote and guest speaking engagements, corporate and community events, conferences, universities, schools, libraries, author talks, workshops, podcasts, radio and television appearances.
