SkanWell Introduces the Matrix® Skin Renewal Platform: A Revolutionary Approach to Skin Health

CAMILLUS, NY, UNITED STATES, September 17, 2026 /EINPresswire.com/ -- SkanWell is proud to announce the addition of the Candela Matrix® platform to its comprehensive suite of aesthetic services. This groundbreaking system is redefining the future of non-surgical skin renewal with science-backed technology designed to meet the evolving skin needs of patients across all ages and skin tones.

More than just RF microneedling, the Matrix® system is a complete skin renewal platform that redefines the approach to non-surgical aesthetic care. This all-in-one system is built to deliver personalized treatments across multiple skin layers, targeting tone, texture, and laxity. Its advanced, real-time impedance monitoring ensures each pulse is perfectly calibrated for consistent results. By stimulating natural collagen production and adapting to each patient's unique skin concerns, Matrix® empowers SkanWell to achieve visible, natural-looking outcomes with greater confidence in every treatment.

Using three complementary technologies, the Matrix® platform allows SkanWell to treat diverse skin concerns across all skin layers with one treatment name, The Matrix Treatment:
- RF Microneedling: Stimulates collagen with precision at up to three depths in one insertion for wrinkle reduction, skin tightening, and volume restoration.
- Fractional Resurfacing & Ablation: Improves texture and tone by delivering fractionated bipolar RF energy to resurface skin and reduce fine lines and wrinkles.
- Bulk Heating: Combines infrared and bipolar RF energies to smooth superficial and deeper dermal layers without needles or downtime.

Matrix® treatments address a wide variety of skin concerns in a single, efficient system—boosting patient satisfaction and practice performance.

What Makes Matrix® Different?

> Adding the Candela Matrix gives us one advanced platform to treat pigment, vascular concerns, and skin texture as part of a personalized care plan."
>
> *Curt Coville*

Matrix® reframes aesthetic care from a technology-centric narrative to an outcome-driven solution. It treats the most common concerns such as skin laxity, fine lines and wrinkles, sagging, and uneven tone while offering benefits like:

- Customized treatments for all skin tones and types
- Visible results with minimal downtime
- Consistent and predictable energy delivery

The Matrix® platform offers preventive care for younger skin, restorative treatments for midlife concerns, and collagen-boosting renewal for more mature skin.

SkanWell: Dedicated to Transformative Care:

Whether patients are seeking to refine skin texture, reduce fine lines and wrinkles, sculpt the jawline, or restore lost volume, Matrix® Treatments provide visible, natural-looking results tailored to each individual's unique skin journey. SkanWell is the premier destination to begin the Matrix® experience.
At SkanWell patients can discover how Matrix® Treatments help achieve radiant, youthful-looking skin with confidence. For more information or to schedule a consultation, visit https://www.skanwellness.com/ or call 680-200-7100.

About SkanWell:

SkanWell is a medical wellness and skin health clinic located in Camillus, New York, built around a personalized, clinically guided approach to patient care. Rather than standardized treatment plans, SkanWell works directly with each patient through informed, one-on-one consultations that address concerns related to skin, energy, recovery, mood, sleep, and overall well-being. The clinic's care model emphasizes patient education, clear communication, and unhurried appointments, helping patients understand their options and make informed decisions about their long-term health. SkanWell is located at 240 Township Boulevard, Suite 40, Camillus, New York 13031.

About Candela Corporation:

Candela is a leading global medical aesthetic device company with an extensive product portfolio and a global distribution footprint. The company's technology enables physicians to provide advanced solutions for a broad range of medical aesthetic applications including hair removal, wrinkle reduction, tattoo removal, women's health treatments, facial resurfacing, traumatic and surgical scar treatments, body contouring, improving the skin's appearance through the treatment of benign vascular and pigmented lesions, and the treatment of acne, leg veins, and

cellulite. Candela's trusted and leading IPL, RF, and laser-based platforms, including Matrix™, Glacē™, Vbeam®, the Gentle Family®, Nordlys®, and PicoWay®. Acquired by Apax Partners in July 2017, Candela markets, services and supports its products in 86 countries worldwide. It has offices in the United States, Australia, Canada, China, France, Germany, Hong Kong, Israel, Italy, Japan, Portugal, Spain, the United Kingdom, as well as many international distributors.
