LOS ANGELES, CA, UNITED STATES, September 8, 2026 /EINPresswire.com/ -- Following a highly successful debut tour and strong fan demand, GEA Live, in association with Lionsgate, today announced the return of Twilight In Concert (www.twilightinconcert.com) for an expanded 2027 U.S. tour. Visiting more than 60 cities, the celebrated live-to-film concert experience launches January 16, 2027 in Fayetteville, Arkansas, before traveling across the country to Los Angeles, Brooklyn, Chicago, Dallas, and more. Returning to fan-favorite markets while making first-time stops in dozens of new cities, the tour invites audiences once again to experience the film that started it all accompanied live by a 12-piece ensemble of rock and orchestral musicians. Presales start today, September 8, and tickets go on sale to the general public Thursday, September 10, 2026 at 10 a.m. local time.

The announcement arrives just as fans begin celebrating 'hoa hoa hoa season', the fall tradition embraced across social media. As the beloved saga continues to captivate new generations of fans more than two decades after the release of the original novel, audiences will have the

opportunity to relive the film in a cinematic live-to-film experience, with a sensational live band performing the beloved score in perfect synchronization with the original movie. Presented on a massive cinema screen with a stage illuminated by more than 1,000 twinkling candles, the production creates an atmosphere as hauntingly beautiful as Bella and Edward's timeless love story. Whether you're Team Edward, Team Jacob, or Team Bella, Twilight In Concert promises an unforgettable evening for fans of The Twilight Saga film franchise and music lovers alike.

The Twilight Saga is one of the most successful young adult film franchises of all time. The five films (Twilight, The Twilight Saga: New Moon, The Twilight Saga: Eclipse and The Twilight Saga: Breaking Dawn - Parts 1 & 2) have grossed more than $3.3 billion at the worldwide box office. The films were adapted from “Twilight” creator Stephenie Meyer’s acclaimed series of books that won multiple awards, sold over 160 million copies worldwide and were translated into 49 different languages. Lionsgate’s TV adaptation of Stephenie Meyer’s novel “Midnight Sun” has been picked up to series at Netflix.
