Ultimate Premium Masterline Halo: Campaign Evolved Master Chief

Master Chief Bonus Part

ASAKUSA, TAITO-KU, TOKYO, JAPAN, September 18, 2026 / EINPresswire.com/ -- Prime 1 Studio is pleased to announce the start of pre-orders for Ultimate Premium Masterline Halo: Campaign Evolved Master Chief and Elite Zealot & Grunt Minor: Covenant Assault. Based on "Halo: Campaign Evolved," a remake that reconstructs the campaign of the original "Halo: Combat Evolved" 25 years after its release, both statues recreate the updated character designs from the game.

1. Master Chief
Master Chief is recreated in 1/4 scale in a combat pose facing the Covenant. The MJOLNIR Mark V armor is detailed throughout, including the visor that reflects its surroundings, the hard, solid finish of the armor, and the chip port that suggests Cortana's presence. Swappable arm sets allow him to be displayed with either the Energy Sword or Assault Rifle. LED illumination in the helmet and Energy Sword recreates the glow seen in the game.

The Alpha Halo-themed base features an Elite and incorporates blue LED illumination inspired by Forerunner architecture.

The Bonus Version includes an additional Assault Rifle designed to be mounted on Master Chief's back.

The Elite Zealot and Grunt Minor are recreated in 1/4 scale in a dynamic assault pose against Master Chief. Their armor features carefully applied variations of light and shadow, while their skin is rendered with distinctly alien textures based on their appearance in the game. LED illumination is built into the Elite Zealot's Energy Sword and Needler, as well as Grunt Minor’s

mask, recreating the glow seen in the game.

The themed base combines the natural terrain of Alpha Halo with ancient Forerunner architecture and incorporates blue LED illumination in its lower structure.

The Bonus Version includes an additional swappable left hand for the Elite Zealot, wielding a Plasma Rifle.
