

Pick up Armani Code for women from The Fragrance Shop

/EINPresswire.com/ UK (submitpressrelease123.com - press release) The classic fragrance [Armani Code](#) for women can now be purchased from The Fragrance Shop, with eau de parfum, eau de toilette and other items available.

This fragrance is one of the Giorgio Armani collection's most classic options and is a stunning scent just for women. It combines a number of ingredients to create a truly timeless scent that every lady should try, with a range of notes to create an amazing impression.

The fragrance was originally designed to pay homage to the female personality and form, and so is incredibly seductive while also being light and intriguing. As the fragrance matures throughout the day, its scent unveils itself little by little, making this perfume even more enticing.

When creating the Armani Code for women, the perfumers have done their best to encapsulate the image of so many Hollywood films consisting of a brief encounter between a man and a woman, in which he falls deeply in love with a femme fatale.

The Armani Code for women puts orange blossom at the forefront of its composition. This ingredient is very feminine and sweet and is perfectly combined with the scent of zesty orange - the seductive side to the fragrance. Jasmine also plays a part in the fragrance, as do the indulgent scents of vanilla and honey.

It isn't just the fragrance that makes this perfume a classic must-have though, the bottle is also iconic. The sleek design of the bottle features an oriental design to give it a glamorous touch, and the blue sapphire colour of the bottle also plays on the theme of femininity within the fragrance.

A fragrance industry spokesperson said : "Armani Code for women is one of our most popular fragrances and we at The Fragrance Shop absolutely adore it. And, because we believe in providing our customers with quality low-cost perfumes, we have it available at incredibly reasonable prices."

The Fragrance Shop currently has a range of Armani Code for women fragrances and other items, including gift sets that would be ideal for Christmas presents this season.
