

# Casinowebscripts-leading virtual game design company expands product offerings

---

/EINPresswire.com/ Romania (Submitpressrelease123.com - press release) [CasinoWebScripts](#) is excited to share that their success has encouraged the debut new games, the development of several ground-breaking new features, and a user-friendly update to CasinoWebScripts.com.

CasinoWebScripts reviews have been optimistic about the selection of new [casino games](#) that the company recently made available. The most innovative flash technology and stage 3D graphics were used to design Speed Racer, a virtual betting experience that transports players to the track for a realistic racing adventure. Additionally, the team is excited to unveil four additional games for customers who are in the market for high-quality casino games. The Reel Mob takes players back to the big city empires of the 1920s with antique-themed graphics and period music. Two new games were inspired by ancient cultures and are sure to appeal to any gamer who enjoys history, awesome graphics, and the most exciting game features. The team expects Viking Story and Golden Aztecs to be instant hits with their clients. Country Cash rounds out CasinoWebScripts's fresh batch of online casino games and employs the latest in animated graphics to create a colorful and exciting new game. These five new designs are the latest additions to the company's ever-expanding line of online and local casino games.

The five products above are the first to use several new features that the CasinoWebScripts's team has worked to create in recent months. The new games use BIGWIN and MEGAWIN animation, expanding wild animation, and an array of other new graphic animations to enhance players' experiences. Animated symbols are also used in the recently-released casino games to enliven the reels. This team of creative designers and artists has developed an inventive line of features that are sure to put the company at the head of the pack in online gaming design.

## About CasinoWebScripts

The CasinoWebScripts team is located in Romania and includes a select group of experienced professionals who combine their passion for virtual gaming and superb talent to create the best casino-style games on the market. Adobe, PHP, FLASH, 3D Studio Max, sound and video editing, iOS, and JAVA are just a few of the areas of expertise to be found around the CasinoWebScripts office. This company pledges to provide individualized support and the highest quality online game templates to all types of casino casinos.
