

Travel Tree Now Offering Extended Range Of Group Tours

/EINPresswire.com/ Australian travel company, Travel Tree, recently expanded its [group tours](#) to include even more destinations. The company knows that the right [group travel destination](#) can make or break a trip so it offers a range of places to visit.

Travel Tree, an Australian travel company that coordinates group tours for vacationers has extended its offerings to even more destinations.

Prices of the group tours include airfare and taxes, accommodations, extensive sightseeing opportunities, an English speaking guide and some meals. Because the prices include most expenses, vacationers can have a good idea of what their vacation will cost, before they ever book it. Tourists can go on group tours to locations such as Malaysia, Sabah, Croatia, Turkey and Burma (Myanmar).

"The right group travel destination can really set the tone for your vacation. Do you want to experience the Himalayan culture of Bhutan or the beaches of Bali? No matter where you want to go, Travel Tree will provide you with an unforgettable experience and because we take care of all the arrangements, all you need to do is sit back and enjoy yourself," said Tim McLean, Sales and Marketing Manager of Travel Tree (<http://traveltree.com.au/>).

In addition to the group tours, Travel Tree also offers a number of independent travel trips. Travellers can make these vacations all their own, including whether they want to stay in a standard or deluxe hotel.

"If you're looking for a little bit of freedom on vacation, consider booking one of our independent trips. With an independent trip, we work on your time so there's no worrying about a timeframe if you decide to linger at a local site. Let us help plan a vacation you'll talk about for years to come," said McLean.
