The Art of Skin Introduces Glacē™ Treatment: A Gentle, Skin-Purifying Ritual for a Restorative, Glowing Complexion

COCOA BEACH, FL, UNITED STATES, September 23, 2026 /EINPresswire.com/ -- The Art of Skin, a leading provider of advanced aesthetics and skincare solutions in Cocoa Beach, Florida, is proud to announce the launch of Glacē™ treatment, a gentle, multi-step hydrodermabrasion experience that combines science and self-care to purify, hydrate, and illuminate the skin. Designed to deliver both visible results and a moment of mindful restoration, the Glacē treatment transforms skincare into a restorative ritual that leaves the skin glowing, refreshed, and renewed — with no downtime required.

Ami Blitch, Founder of The Art of Skin with the Glacē

More than a facial, the Glacē treatment integrates four proven steps to renew and refine the skin. It begins with advanced hydrodermabrasion to exfoliate and remove impurities, followed by a targeted serum infusion that delivers hydration and nutrients where skin needs them most. A cupping massage supports lymphatic drainage and facial contouring, and LED technology completes the experience by calming the skin and enhancing post-treatment radiance. Each treatment is performed with sterile, single-use diamond tips and naturally derived serums for a hygienic, gentle, and effective result across all skin types.

"The Glacē treatment is where self-care meets skin care," says Ami Blitch. "Our clients love that it's gentle, hygienic, and delivers a visible glow after just one session. It's more than a treatment; it's a moment to recharge and reconnect with yourself."

What Is the Glacē Treatment?

The Glacē treatment is a gentle, skin-purifying experience that combines advanced

hydrodermabrasion, cupping massage, and LED technology to clarify, contour, and illuminate the skin. Each multi-step session is tailored to individual skin needs, making it ideal for anyone seeking smoother texture, restored hydration, or a visible glow without irritation or downtime. The result is skin that looks radiant and feels calm, refreshed, and balanced.

Each Glacē treatment includes:

Diamond Tip Hydrodermabrasion: Gentle exfoliation using hygienic, single-use tips in four levels of abrasion to suit different skin types.

Custom Serum Infusion: A tailored combination of cleansing and naturally derived serums that deeply hydrate and target concerns like dullness, blemishes, uneven tone, or sensitivity.

Dual-Mode Cupping Massage: Rhythmic suction that encourages lymphatic drainage, contours the face, and enhances skin detoxification.
LED: Red, green, or blue light settings calm redness, brighten the complexion, and revitalize the skin.

Biocellulose Mask Finish: A cooling, hydrating facial mask enhances skin absorption and delivers a final boost of radiance.

Benefits of Glacē Treatment

Glacē treatments are gentle, relaxing, and designed to deliver visible skin improvements with no downtime. Clients often notice smoother texture, more even skin tone, and a vibrant glow immediately after their luxurious session.

Common skin concerns the Glacē treatment can help address include:

Dull or dehydrated skin
Uneven skin tone and texture
Fine lines and loss of firmness
Oily or congested skin
Mild acne blemishes or breakouts
Puffiness and fluid retention
Sensitivity and reactive skin appearance (non-medical)

Because the Glacē treatment is non-invasive and fully customizable, it is suitable for all skin tones and types, including those with sensitive or mature skin.

Clinical Results and Client Satisfaction

The Glacē treatment is backed by clinical data showing impressive results in patient satisfaction

and skin improvement. In clinical evaluations:

100% of patients reported noticeably cleaner skin after treatment
92% experienced an improvement in hydration
91% said their overall skin health improved
90% indicated they would book another Glacē treatment in the future

Before-and-after images have shown remarkable improvements in radiance, clarity, and skin texture after a single treatment and continued enhancement with repeated sessions.

A New Standard in Advanced Skincare

Rooted in the belief that healthy skin begins with balance, the Glacē treatment brings together technology and tranquility. The combination of soothing massage, LEDs, and naturally inspired serums creates a restorative experience that benefits both skin and spirit. It's not just a treatment, it's a restorative, glow-giving ritual that renews confidence from the inside out.

Book a Glacē Treatment at The Art of Skin

The Art of Skin is now accepting appointments for Glacē treatments. Whether clients are looking to prep their skin for an upcoming event, refresh their glow for the season, or maintain long-term skin health, the Glacē treatment provides a science-backed solution in a luxurious setting.
