Altcoin Pro To Host Cryptocurrency Education Summit

Hosted in Miami Beach, the summit will feature advice and education from crypto experts across the world.

MIAMI BEACH, FL, UNITED STATES, September 23, 2026 /EINPresswire.com/ -- Altcoin Pro, a cryptocurrency education service based in Miami, Florida, will be hosting the first-ever Altcoin Pro Summit from October 2nd-4th at the Fontainebleau in Miami Beach, Florida.

The summit will unite investors and cryptocurrency experts from around the world to discuss the state of the cryptocurrency industry, how to properly manage the market, how to earn passive yield from your crypto, crypto tax strategy from crypto tax specialists, as well as insight into the Government Policy world provided by policy writers working within the crypto political world.

“Most people either missed out on the last bull market completely because they weren't sure where to get started,” said Ryan Horst, CEO and co-founder of Altcoin Pro, “or made a ton of money from the last bull cycle just to lose it all because they didn't have a take-profit strategy in place, were afraid of tax implications, or just got greedy. We're hosting this summit to help make sure the same mistakes aren't repeated.”

Summit speakers will include Ryan Horst, Nick Anderson, and Joni Zhuleku — the co-founders of Altcoin Pro — as well as Lorenzo Abbatiello, Crypto Tax Specialist & Managing Partner at Mastermind Virtual Family Office, and OJ Oleka, CEO of State Financial Officers Foundation (SFOF).

This event aims to bring clarity to the average crypto investor with over $50k in their portfolio, or the capacity to invest at least $50k in capital, by clarifying the direction of the market, bull market strategies, crypto tax strategies, and what’s happening in the crypto policy world.

“It’s difficult enough for people to find a company they can trust to guide them through the crypto markets,” said Nick Anderson, CMO and co-founder of Altcoin Pro, “but then to try to find

a tax team that understands crypto AND policymakers that are actively involved in writing and pushing crypto policy in the government? It's nearly impossible to find a room like that. That's why we created The Altcoin Pro Summit after 5+ years of being the go-to crypto education company for thousands of clients in 40+ countries around the world."

A limited number of tickets are available for this exclusive event. Tickets for both general and VIP admission can be purchased online at https://altcoinpro.com/summit.

For media inquiries or requests for more information on Altcoin Pro, Ryan Horst, Nick Anderson, or Joni Zhuleku, please contact Michael Knauff, Publicist at Otter PR, at michael.knauff@otterpr.com.

About Altcoin Pro
Altcoin Pro is a crypto education, research, and coaching company for serious investors who want a structured way to protect their capital, understand DeFi, manage risk, and make better decisions through full market cycles. We help investors move beyond random YouTube opinions, Discord hype, and single-coin conviction. Our work is focused on security, portfolio structure, DeFi education, market-cycle awareness, and practical frameworks clients can use to navigate crypto with more confidence.

About Ryan Horst
Ryan is an entrepreneur and business strategist who has built multiple seven-figure companies. As Co-Founder & CEO of Altcoin Pro, he brings nearly a decade of experience in cryptocurrency and is known for making complex digital asset concepts and market trends easy to understand for everyday investors. He has coached more than 200 entrepreneurs on starting and growing their companies and has spoken internationally on cryptocurrency, investing, entrepreneurship, and sales.

About Nick Anderson
Nick Anderson is the Founder & CEO of Bullrunners, one of the most followed XRP and crypto market channels on YouTube, and Co-Founder & CMO of Altcoin Pro. Since 2012, he has built audiences, turned them into businesses, and run marketing for multiple crypto projects that reached billion-dollar market caps. An active day trader, his market work centers on market structure and where capital rotates across crypto cycles.

About Joni Zhuleku
Joni Zhuleku is the Chief Research Specialist at Altcoin Pro and a medical school graduate with clinical research experience who transitioned into cryptocurrency research and DeFi strategies. He brings an analytical, research-driven approach to digital assets, specializing in blockchain ecosystems, DeFi, on-chain analysis, and portfolio management. At Altcoin Pro, Joni leads research focused on simplifying advanced crypto concepts for retail investors, helping them develop structured, long-term approaches to digital asset investing.
