

Marysville Dentist Quil Ceda Family Dental Announces A New Website In The Face Of The Fiscal Cliff

/EINPresswire.com/ As politicians in Washington continue to argue about spending and taxes, the potential fiscal cliff lingers in the background.

Experts predict that millions of Americans will immediately see the effects of this stalemate on their paychecks beginning in January and face an even greater financial burden at the end of next year.

While Washington may continue to bicker, a [Marysville dentist](#) will continue its commitment to provide excellent dental care services, at affordable rates. It also understands the need for patients to have valuable information readily accessible, which is why [Quil Ceda Family Dental](#)

is pleased to announce the launch of its new dynamic website. This new website is designed to help patients quickly navigate through the site making it easier to find the information they need, when they need it. The website will now include vital information about the Quil Ceda Family Dental facility, and the services it offers. This additional service only enhances the many other service options available to its patients, including wide patient chair to provide a more comfortable examination, TVs in each treatment room, a beautiful relaxing office space, Saturday appointments, and an incredible and caring staff. Quil Ceda Family Dental a [dentist in Marysville](#) is currently taking new patients and provides comprehensive general, cosmetic and emergency dental service for children, teens and adults.

Highly skilled and experience general and cosmetic dentist, Dr. Ron Sebastian provides patients with a wide range of services, such as porcelain veneers, crowns, fillings, teeth whitening, prosthetics likes bridges or dentures, and restoration treatments. He also offers various preventative services including cleanings, screening, sealants, fluoride treatments, and dental health educational material. He strives to build a strong relationship with each patient, which helps him create a comprehensive dental care treatment plan, and keeps his patient better informed about their personal dental health.
