

Matt Lloyd's My Online Business Empire Helps People Make More Than \$10,000 Per Month

/EINPresswire.com/ For the first time in the history of [internet marketing](#) Matt Lloyd, a young Australian has built an internet marketing system that helps people really make money online by just driving traffic to their [MOBE](#) licensee or affiliate pages featuring Matt's real-value IM products.

Matt Lloyd's '[My Online Business Empire](#)' ("MOBE") is a revolution in the internet marketing space. The program works on a hybrid affiliate and licensee model, where affiliates or licensee's of MOBE get access to a complete arsenal of 'Done-for-You' marketing tools to market Matt's high-value, high-converting products that include Email Marketing, Lead generators for internet marketers, How to build a Funded proposal, Leads through his marketing co-ops, training to build your own info product, ready-to-use blog, how to create a sales funnel and more.

Affiliates earn 50% commissions on all sales through their affiliate links and Licensee's (People who partner with Matt by making an investment) earn 90% of the sales they make through their links. What sets this program apart from the rest is that affiliates and licensee's just have to drive traffic to their links. In fact Licensee's even get access to traffic generation training and strategies. Once traffic is driven to the links, the MOBE system captures the leads and does all the email marketing and sales for the affiliates and licensee's. In fact MOBE has a dedicated phone team that even makes calls and closes sales for affiliates and licensee's and pays them the commission for all the leads that came through their links. All this at no additional cost whatsoever. Matt himself is a self-made millionaire who went from mowing lawns to earning more than a million dollars in just 2 years.

MOBE is turning out to be a real game changer for the average home-based business owner because they get real products to market as their own but without ever having to sell on their own. Matt's MOBE is already helping many people finally earn healthy incomes by leveraging the power of this internet system and some smart people are even making over USD 10,000 per month with this revolutionary system.
