

Caps And Hats At Wholesale Now Tax-Free In 49 States

/EINPresswire.com/ Online retailer of [caps and hats at wholesale](#) prices, WholesaleHats.com unveils factory direct, tax-free purchasing in 49 states - expands offices to accommodate increased customer requests for [adjustable back hats](#).

PALM DESERT, CA -- As talk of the impending fiscal cliff rages on, buyers of caps and hats at wholesale are being offered a bit of financial relief. Internet headwear distributor WholesaleHats.com has announced a new factory direct buying program that allows customers tax-free purchasing of both blank and custom embroidered hats direct from the e-retailer's California facility.

US customers outside of California can select from the wide range of fitted and adjustable back hats in the extensive WholesaleHats.com inventory and have them shipped directly to their door without incurring any sales tax. In addition to [plain baseball hats](#) and other blank styles, WholesaleHats.com offers customers extensive personalization options with their in-house embroidery studio.

"We've always encouraged creativity from our customers by continually striving to expand our free embroidery library. Now, by selling factory direct, the price our customers see on the product page is the price they can expect pay, without having to worry about calculating tax. When you're talking about orders that may contain hundreds of hats, the sales tax can add up quickly, so we're excited to be able to offer this purchasing opportunity to our customers and so far they've reacted very positively," said Brian Burr of WholesaleHats.com (<http://www.WholesaleHats.com>).

In response to the increased product demand, WholesaleHats.com recently expanded its sales offices in Palm Desert California by nearly 2300 square feet and has added 3 new sales agents to assist in processing customer orders and requests.

"Our factory direct model has been very well received and we've been seeing growth of 30-40% per month. It was a natural step for us to expand both our offices and our sales staff to ensure our customers continue to enjoy the high quality service they've come to expect from WholesaleHats.com," said Burr.

WholesaleHats.com offers hat styles ranging from classic flat bills, to beanies and trucker hats in neon colors as well as trendy fedoras and army hats. The online hat wholesaler is always adding to its selection of snapback hats at wholesale prices as low as \$1.78 each for a blank hat or \$3.73 for an embroidered design depending on the order quantity.

The WholesaleHats.com website allows customers to easily select their desired hat style and quantity and then personalize them with images and text from the company's free embroidery library, featuring everything from sports emblems and school mascots to military and religious designs, many with customizable text options.
