

# New York Microscope Company Adds Seiler Microscopes To Line Of Products

---

/EINPresswire.com/ New York Microscope Company has announced the addition of the Seiler line of microscopes to its product inventory, furthering its commitment to provide affordable quality microscopes to its clients in the medical, educational, government and private sectors.

New York Microscope Company has announced the addition of the Seiler line of microscopes to its inventory. New York Microscope is an international provider of sales and service of digital and standard microscopes to government agencies, medical and industrial institutions, doctors, hospitals and clinical laboratories.

In addition, New York Microscope Company recently added the UNITRON TCS Pro 500, 5.0 megapixel camera, which offers high definition video display, camera, tablet PC and image analysis software. Powered by Android 2.3 operating system, the TCS Pro 500 has a 9.7" HD touch screen tablet PC is seamlessly integrated with a 5.0 megapixel camera allowing users to view live video in 720P resolution.

"Seiler has been a leading player in the industry for decades, providing high-quality surgical microscopes and coloscopes for the medical and dental community," says New York Microscope Company Vice President of Operations, Fred Koenig.

"We are very pleased to be adding this prestigious line of affordable high-quality microscopes and coloscopes to our catalogue," Koenig said. "Our company has a long history of priding itself on being one of the leading providers of cutting-edge microscopes and other products to our clients and we value the relationship we will be building with this outstanding company."

The company also offers a diverse selection of microscopes, [digital microscopes](#) and video systems and accessories from a variety of manufactures including Leica, Olympus, Nikon, Meiji Techno, Swift, ACCU-SCOPE, Ken-A-Vision, Labomed, Van Guard, Motic and our exclusive line of Steindorff Microscopes.

About Seiler Microscopes: Seiler Microscopes is a St. Louis based company with offices throughout the Midwest. Seiler Microscopes, surgical microscopes and colposcopes can be found in doctors' offices, laboratories and dental offices worldwide. Seiler Microscopes offers an industry leading limited lifetime warranty for mechanical and optical defects, with a one year electrical warranty.
