

SheLikes is the place to go for onesies

/EINPresswire.com/ UK (submitpressrelease123.com - press release) If you're simply bored of your old pyjamas, invest in a onesie to keep you cosy during the cold winter nights. Online retailer SheLikes has a fantastic range of [onesies for women](#), at great prices.

The onesie has been dubbed by some as an adult rompersuit; believe it or not, this baby-grow for adults is fast becoming the craze of the year. Shoppers everywhere are buying onesies for themselves for the ultimate cosy night in.

Celebrities caught on to the trend early, with famous faces like Rihanna, Robbie Williams, One Direction and Olympic athlete Tom Daley all stepping out in public in their own versions. What's more, This Morning host Holly Willoughby appeared on television in one, Keith Lemon donned a hulk version, and Amy Childs vajazzled a velour onesie, 2000 of which sold out in two days.

It's safe to say that the onesie for adults is a trend set to stay for some time. Adult onesies can be worn instead of pyjamas, for lounging around the house, or if you're brave, for a trip to the corner shop. Available in plain and printed versions, fleecy or hooded, it's easy to find a style of onesie to suit your tastes. If they're good enough for celebrities to wear on their way to work, they're more than good enough for the rest of us.

Nick Puri, Managing Director, said: "With the surge in popularity of onesies for adults, we decided to develop a range of ladies onesies; perfect for a cosy night in, or for extra warmth when you're out shopping, onesies are the most versatile of clothing. All of our onesies for women come at a great price too, so keeping warm and stylish this winter doesn't have to be expensive."
