South Jersey Aesthetics Named Med Spa of the Year in Middle Township

Cape May Court House practice led by Daniel Francis, DO, recognized on the strength of verified patient reviews

CAPE MAY COURT HOUSE, NJ, UNITED STATES, September 10, 2026 /EINPresswire.com/ -- South Jersey Aesthetics, a physician-led medical aesthetics practice, has been named Med Spa of the Year for Middle Township by the Consumer Ratings Institute. The recognition is based on verified public consumer reviews and reflects the practice's 5.0-star Google rating across 244 reviews at its Cape May Court House office.

The practice is led by Dr. Dan Francis, who has administered Botox and dermal fillers since 2003 and has built South Jersey Aesthetics around one guiding philosophy: "Still you. Just better." Its more than 40 treatments include injectables such as Botox, Dysport and several hyaluronic acid filler lines; laser and energy-based treatments including laser hair removal, Fraclight fractional IPL and fractional CO2 resurfacing; skin treatments such as chemical peels, VI Peel and facials and specialized procedures including PDO thread lifts, PRP treatments and body contouring.

"The best compliment a patient can get is 'you look rested,' not 'what did you have done,'" said Dr. Francis. "That has been our standard for more than 20 years. Being recognized on the basis of what our patients say in their own words is the kind of award that means the most to us."

The Middle Township award adds to a run of recognition for the practice, which has been voted Best of Jersey Shore for five consecutive years (2022–2026) and named among New Jersey's best medical spas by BestofNJ.com.
