SPRING, TX, UNITED STATES, October 14, 2026 /EINPresswire.com/ -- ONDECOR LLC, a fast-growing leader in home décor, today shared customer demand data highlighting orange wallpaper as a defining trend of 2026, with search interest and orders climbing across its peel-and-stick lineup. Burnt orange, rust, and amber surge as the season's most confident statement color.

"Orange is the boldest way to warm up a room. It's the color of fall leaves and golden hour — and it makes an accent wall feel like a decision, not a default." said Gabriel Batista, CEO of ONDECOR LLC.

ONDECOR's orange wallpaper collection spans solid rust and amber finishes, botanical motifs, and bold patterns designed for accent walls, dining rooms, and cozy seasonal spaces.

Every design is PVC-free, non-toxic, and manufactured in the United States to ONDECOR's eco-friendly standards. The company has served more than 48,000 customers and remains committed to sustainable, affordable design without sacrificing quality.

"People are over beige. Orange gives them warmth with personality, and it pairs shockingly well with navy, cream, and terracotta." added Batista.

The full collection is available now at https://ondecor.com/collections/orange-wallpaper with free
