

Complete Practice Resources Announces Toolkit Application Dedicated to a Smooth ICD-10 Transition

/EINPresswire.com/ Leading healthcare IT company releases a do-it-yourself step by step guide for healthcare providers.

SLIDELL, LA – For healthcare providers choosing to manage their own transition of the of the biggest implementation the medical industry has ever seen; Complete Practice Resources has created the Simple Solutions ICD-10 Transition Toolkit. Designed to provide comprehensive guidance and tools, it is a step-by-step guide for educating physicians and medical staff about the various impacts that the [ICD-10 implementation](#) will have on their practices. The Toolkit walks providers through how to organize, assess impact, plan for and implement a complete transition to ICD-10.

The Toolkit contains video training recordings and is a fully automated program with integrated practice management tools that carry data to spreadsheets and records, omitting unnecessary double entry. Based upon actual implementation plan development experience, the Toolkit identifies all action items required for a successful transition. It assigns, schedules, and tracks all tasks, giving providers a complete overview and cohesive management tool for the transition process.

The easy-to-read instructions and integration of time saving [ICD-10 coding software](#) ushers clinical specialists through the process of working with the new code categories and specialty specific requirements on a systematic level from start to finish.

CPR's President, Denny Flint boasts that "the Toolkit stands alone as the only fully automated, completely integrated, and eminently affordable ICD-10 implementation solution to organize and account for each and every ICD-10 moving part in the outpatient ambulatory environment." More of the transition software can be seen at <http://www.cptcdpros.com/icd10-translator.html>.

The topics covered in the program include policies, procedures, relationships with other organizations and information systems technology. The retail cost of the Toolkit license is \$299 plus \$35 per clinical provider. The Toolkit License includes one copy of the Simple Solutions Transition Software and the 5-part video series.
