

# The new Razer Sabertooth Elite Gaming Controller that replaces...

---

/EINPresswire.com/ UK (submitpressrelease123.com - press release) The all-new Razer Sabertooth Elite Gaming Controller is the supercharged successor to the award-winning Razer Onza, which has been restructured to give the user greatly ability to customise as well as more control options.

Online retailer Dabs.com offers gamers the ultimate experience and gaming control for Xbox 360 with the new [Razer Sabertooth controller](#), set to dominate the gaming industry. Razer has used a combination of gamer's feedback from the Onza [gamepads](#), as well as exploring better ergonomics to create an elite gaming controller that is specifically tailored to the needs and wishes of gamers worldwide.

Gamers everywhere can benefit from the six additional multi-function buttons that allow the user to react instantaneously. The ergonomic design of the Razer Sabertooth means that reaction buttons have been installed on the underside of the controller, for a more natural hand position, giving the user more power at their fingertips.

That's not all; the Razer Sabertooth lets gamers reconfigure control buttons to any of the six multi-function buttons. Gamers can set up the controller just the way they want it, with the help of the handy new built-in OLED screen. This nifty device allows people to program the multi-function buttons with ease, create new profiles and adjust the sensitivity of the analog stick to create the perfect gaming control.

Sam Binks, Product Manager, said: "Here at Dabs.com we take great pride in supplying our customers with the ultimate new technology to suit all of their needs. The brand new Sabertooth Elite gaming controller from Razer is set to lead the way in the gaming controller experience, blasting its competitors out of the water."

Razer has even designed a convenient carry case, along with a detachable braided fibre cable, providing greater ease for portability and additional protection.

Gamers the world over can check out Dabs.com for more information about the new release of the Razer Sabertooth Elite Gaming Controller.
