High Performance Systems Corp Expands Industrial Epoxy Flooring Services Across New Jersey and the Hudson Valley

High Performance Systems Corp Expands Industrial Epoxy Flooring Services Across New Jersey and the Hudson Valley

Aviation Epoxy Flooring

MIDDLESEX, NJ, UNITED STATES, September 10, 2026 / EINPresswire.com/ -- High Performance Systems Corp, a leader in commercial and industrial seamless flooring solutions since 1988, today announced the expansion of its high-performance epoxy and urethane floor coating services across key industrial corridors in New Jersey and New York's Hudson Valley.

Engineered to withstand heavy forklift traffic, severe chemical exposure, and intense thermal shock, the company's specialized installations cater directly to manufacturing plants, distribution centers, food and beverage facilities, and warehousing operations.

> Industrial environments require seamless, durable flooring that meets stringent safety and operational standards while minimizing operational downtime"
>

To support regional facility managers, general contractors, and business owners, High Performance Systems Corp has highlighted dedicated service hubs tailored to regional operational demands:

Port & Logistics Infrastructure: Serving major supply chain hubs, the Newark & Elizabeth Industrial Epoxy Flooring Contractor division focuses on heavy-duty resurfacing, joint repair, and anti-slip coatings designed for high-density warehousing and freight terminals.

Manufacturing & Commercial Hubs: The Edison Epoxy Flooring Contractor operations deliver seamless, low-maintenance resinous flooring tailored to Central Jersey's pharmaceutical,

manufacturing, and commercial research centers.

Regional Expansion: Expanding coverage throughout Eastern New York, the Hudson Valley Industrial Epoxy Flooring team provides customized concrete protection and hygienic flooring solutions for processing facilities, craft breweries, and industrial sites across the region.

"Industrial environments require seamless, durable flooring that meets stringent safety and operational standards while minimizing operational downtime," said Jeffrey Smedley, President of High Performance Systems Corp. "Whether restoring damaged concrete in a bustling port warehouse or installing chemical-resistant coatings in a manufacturing facility, our team delivers long-lasting solutions engineered for the toughest conditions."

Commercial Epoxy Flooring

Economical Grind and Seal Flooring

Every installation by High Performance Systems Corp begins with thorough surface preparation—including shot blasting and diamond grinding—to guarantee maximum bond strength and long-term performance.

About High Performance Systems Corp

Founded in 1988, High Performance Systems Corp is a family-owned and operated contractor specializing exclusively in commercial and industrial seamless flooring systems. Serving New Jersey, New York, Pennsylvania, and the surrounding Mid-Atlantic region, the company provides epoxy coatings, urethane mortared

systems, concrete polishing, and specialized joint repair.
