Arlington Heights orthodontist, Dr. Yarmolyuk, hosted an open house at his practice Orthodontic Experts for all local dental professionals and friends on January 19th. The warm and energetic atmosphere at Orthodontic Experts could be experienced firsthand during this open house event. The guests had an opportunity to tour the facility and learn about its features and types of treatment that is provided by Dr. Yarmolyuk and his team.

"We've received a great response," said Dr. Yarmolyuk. "People were impressed with the incredibly modern look of our office, the variety of our services, and our paperless records system."

The practice features a spacious waiting area, a light open treatment bay, a private treatment room, a fully equipped on-site laboratory, and the latest technology, including digital X-rays, digital 3D dental models, paperless charts, and modern sterilization techniques.

Dr. Yarmolyuk provides a wide range of orthodontic treatments, including application of different types of [braces](#), various removable and fixed orthodontic appliances, as well as Invisalign and Invisalign Teen. Some of the advanced orthodontic treatments offered at Orthodontic Experts include corrective jaw surgery, precise "indirect bonding" braces placement, and lingual braces (braces that are placed on the back of the teeth).
