

T3, Division of Trinity Consultants, Expands EMIS Team

/EINPresswire.com/ Provider of information technology solutions appoints Donald Smith as its new Senior Business Development Manager.

T3, a division of [Trinity Consultants](#), Inc. that develops Information technology solutions for environmental, health, and safety (EH&S) data management, has named Donald Smith as its new Senior Business Development Manager.

Mr. Smith comes to T3 with over two decades of enterprise software and data management experience serving clients in the automotive, chemical, energy/utilities, food, financial services, oil and gas, technology, manufacturing, pharmaceutical, and aerospace industries. His extensive knowledge of [environmental management](#) information solution (EMIS) platforms, including SAP, ESS/IHS, Enviance, and Perillon, and experience in system selection, help match client needs with the best data management solutions.

Dr. Hung Ming (Sue) Sung, Director of EH&S Technology, commented on Smith' new role. "Don's experience with various EMIS platforms will be instrumental in nurturing relationships with T3's software partners and in assisting clients with selecting a technology platform that meets their functional needs while working within their company's IT infrastructure."

Established in 1997, T3's integrated expertise in [environmental consulting](#), software development, and enterprise wide technology solutions, provides sustainable EH&S information management solutions that enhance compliance, streamline reporting, and improve environmental performance while supporting profitable business growth.

About Trinity Consultants

Trinity Consultants is an international environmental consulting firm that assists industrial organizations with regulatory compliance and environmental management. Trinity also markets BREEZE® environmental modeling software and provides professional EH&S training and EH&S staffing services.
