Coastal Serenity Landscapes Adds New Services to Its Landscaping Work

Coastal Serenity Landscapes Adds Sod, Pavers, Drainage, Pressure Washing and Holiday Lighting Services in Jacksonville

JACKSONVILLE, FL, UNITED STATES, September 11, 2026 / EINPresswire.com/ -- Coastal Serenity Landscapes has added several services to its landscaping work in Jacksonville, Florida. The current service list includes sod delivery and installation, mulch and rock installation, pavers and hardscapes, landscape drainage, pressure washing, and Christmas light installation.

The service update covers different types of outdoor property work, including lawn installation, landscape material placement, outdoor surface installation, water drainage, exterior surface cleaning, and seasonal lighting.

Coastal Serenity Landscapes Expands Its Service List

The company's landscaping work now covers several areas of residential outdoor property maintenance and installation.

The services include:
- Sod delivery and installation
- Mulch delivery and installation

landscape companies in Jacksonville, Florida.

- Rock installation
- Paver installation
- Hardscape installation
- Landscape drainage
- French drain installation
- Pressure washing
- Christmas light installation

Each service covers a separate type of outdoor work. Projects can involve lawns, garden beds, driveways, patios, walkways, pool areas, drainage areas, exterior surfaces, or seasonal lighting.

sod companies in Jacksonville

Sod Delivery and Installation

Coastal Serenity Landscapes provides sod delivery and installation for residential and property management projects in Jacksonville.

The service includes ground preparation, which can involve clearing existing grass and rocks, preparing soil, leveling the area, and placing sod.

Sod selection can depend on sunlight, shade, soil conditions, and planned lawn use. The company also operates a sod lot in Jacksonville for handling sod before delivery.

The service is part of the work offered by sod companies in Jacksonville, Florida, including sod delivery and installation.

Mulch and Rock Installation

Mulch and rock installation is included in the company's landscaping services.

Mulch can be placed in garden beds, around trees, along landscape borders, and in other areas. The company provides mulch delivery in Jacksonville, including bulk mulch for larger projects.

Rock installation includes preparing the ground before placement. Rock can be used around trees, paths, garden areas, and other landscape sections.

The company also provides expert mulch installation in Jacksonville, FL as part of its listed landscaping work.

Pavers and Hardscapes

Paver and hardscape work covers patios, walkways, driveways, and pool areas.

Coastal Serenity Landscapes installs concrete pavers and other hardscape materials. Installation includes site preparation, soil leveling, base preparation, and paver placement.

Hardscape projects may include:

- Patios
- Walkways
- Driveways
- Pool areas
- Stone borders
- Other paved outdoor areas

The layout depends on the site, available space, existing landscape features, and intended use.

Landscape Drainage Services

Landscape drainage is another service included in the company's Jacksonville offerings.

Drainage work addresses areas where rainwater collects or does not move through a property as planned. The company reviews the property before determining the drainage work required.

The review can include low areas, slopes, soil conditions, and areas near buildings or outdoor surfaces.

Drainage work can be used around lawns, garden beds, patios, driveways, and other landscape areas.

French Drain Installation

French drain installation is available as part of the drainage services.

A French drain generally uses a perforated pipe placed below ground with gravel around the pipe. Water enters through the gravel and moves through the pipe toward a selected drainage point.

Installation includes preparing the trench, placing the drainage materials, positioning the pipe, and covering the system according to site needs.

The location and layout depend on where water collects and the available drainage path.

Pressure Washing Services

Coastal Serenity Landscapes also provides pressure washing for outdoor areas in Jacksonville.

The service covers exterior surfaces that can collect dirt, stains, mildew, and other buildup. Pressure washing services include:

- Driveways
- Walkways
- Patios
- Pool areas
- Exterior walls
- Brick surfaces
- Stone surfaces

The cleaning method and water pressure are selected according to the surface being cleaned. Different materials require different cleaning settings.

Pressure washing is listed alongside the company's landscaping and outdoor installation services.

Christmas Light Installation

Christmas light installation is included in the company's seasonal services.

The installation work covers outdoor lighting for areas such as rooflines, trees, shrubs, pathways, and other landscape features.

Lighting placement is planned according to the property layout. Installation can include securing lights and arranging cords around the areas where lighting is placed.

The service is available during the Christmas season and forms part of the company's outdoor property work.

Services Cover Several Types of Outdoor Work

The current services from Coastal Serenity Landscapes cover lawn installation, landscape materials, paved surfaces, drainage, exterior cleaning, and seasonal lighting.

The service categories include:

- Lawns: Sod delivery and installation
- Landscape materials: Mulch and rock delivery and installation
- Outdoor surfaces: Pavers and hardscapes

- Water management: Landscape drainage and French drains
- Exterior cleaning: Pressure washing
- Seasonal work: Christmas light installation

This range places the company among landscape companies in Jacksonville, Florida providing multiple types of outdoor property services.

Work for Jacksonville Properties

Coastal Serenity Landscapes provides its listed services in Jacksonville, Florida. The company works on residential outdoor areas and property management projects.

The service range includes work performed during different stages of an outdoor project. Sod and landscape materials address ground areas, pavers and hardscapes cover outdoor surfaces, drainage addresses water flow, pressure washing covers exterior cleaning, and Christmas light installation covers seasonal lighting.

The company's current service list reflects its work across these areas of residential landscaping and outdoor property projects.
