AAA Organized Plumbing Opens Napa Valley Office, Expands Wine Country Service from Ukiah Base

Mendocino County plumber adds a Coombs Street location, bringing licensed service to Napa homeowners, vacation rentals, and hospitality businesses.

NAPA, CA, UNITED STATES, September 14, 2026 /EINPresswire.com/ -- AAA Organized Plumbing, the Ukiah-based plumbing company serving Mendocino, Sonoma, and Lake Counties since 2023, has opened a second office at 809 Coombs Street in downtown Napa. The location gives the family-owned company a permanent operational base inside Napa Valley and extends licensed plumbing service to residents and businesses across Napa, St. Helena, Yountville, Calistoga, and American Canyon.

The expansion reflects growing service demand from Wine Country property owners navigating a distinct set of plumbing challenges: aging Victorian and Craftsman homes with original galvanized supply piping, historic downtown sewer laterals threatened by mature tree roots, and a robust short-term rental market that puts unusual wear on fixtures and water heaters. Legacy pipe damage from the 2014 South Napa earthquake continues to surface in some properties as slow leaks and shifting joints, requiring diagnostic work that goes beyond routine repair.

AAA Organized Plumbing offers the full residential and commercial service catalog from the Napa office, including trenchless sewer repair using CIPP lining and pipe bursting, whole-house PEX and copper repiping, tankless water heater conversions, gas line installation and leak detection, hydro jetting, and backflow testing for properties with irrigation or fire sprinkler connections. Emergency dispatch is available around the clock, with target response times of 30 to 60 minutes inside city limits.

"Opening in Napa wasn't a marketing decision, it was a logistics one," said Will Stone-Baumann, Founder of AAA Organized Plumbing in Napa, CA. "Running emergency calls into Napa from Ukiah meant our clients waited too long. Having technicians based on Coombs Street means when someone in Old Town has a burst supply line at 2 a.m., we're there quickly."

The Napa location operates under California Contractor's License #1118193 and is staffed by the same team that has earned the company 5-star ratings on both Google and Yelp since its August

2023 launch. Vacation rental managers make up a growing portion of the client base, relying on the company's maintenance programs to minimize downtime between guest bookings. The company also continues its Veterans and First Responders discount at both offices.

Neighborhoods served from the Napa office include Downtown Napa, Old Town, the Jefferson and Seminary Street corridors, Browns Valley, Westwood, Fuller Park, Alta Heights, Stanly Ranch, Silverado, and the Oxbow District. Permit coordination with the City of Napa Community Development Department — for water heater replacements, repiping, sewer line work, and new gas line installations — is handled in-house.

About AAA Organized Plumbing

Founded in 2023, AAA Organized Plumbing is a family-owned, California-licensed plumbing contractor (Lic. #1118193) headquartered in Ukiah with a second location in Napa. The company provides residential and commercial plumbing services across Mendocino, Sonoma, Lake, and Napa Counties, including drain cleaning, sewer line services, water heaters, repiping, gas lines, water treatment, and 24-hour emergency response.
