Kano Laboratories Introduces Kroil Shield, a New Professional-Grade Product Preventing Rust and Corrosion

New Kroil Shield is made in the USA and helps maintenance professionals protect critical metal components from rust, corrosion and environmental damage

Kroil Shield is made in the USA and helps maintenance professionals protect critical metal components from rust, corrosion and environmental damage

NASHVILLE, TN, UNITED STATES, September 15, 2026 / EINPresswire.com/ -- Kano Laboratories, the manufacturer of the iconic Kroil line of industrial maintenance products, today announced the launch of Kroil Shield, a new professional-grade corrosion and rust inhibitor designed to help protect metal surfaces from the damaging effects of rust, corrosion and environmental exposure before it starts.

“Maintenance professionals know that corrosion prevention is an important part of protecting equipment, controlling maintenance costs and keeping operations moving,” said Joan Duvall, Chief Marketing Officer of Kano Laboratories. “Kroil Shield is a protective barrier that helps defend metal against moisture and corrosion, keeping equipment protected and ready for the next job.”

From production machinery and fleet vehicles to agricultural equipment, railcars, marine, and industrial infrastructure, exposure to moisture and harsh environments can lead to corrosion, premature wear, costly repairs and unplanned downtime. Kroil Shield is designed for tough environments, including:

- Industrial Equipment and Machinery
- Outdoor Metal Surfaces
- Fasteners, Bolts, and Assemblies
- Asset Protection during Turnarounds, Shutdowns, and Long-Term Storage
- HVAC, Marine, and Transportation Equipment
- Automotive
- Farm & Agriculture

Kroil Shield is available in 4 sizes: a 13-ounce aerosol for quick maintenance and spot treatment; and liquid in one quart, one gallon, and five-gallon cans.

All products are now available through Kano Laboratories and its authorized distribution network. For more information about Kroil Shield and the complete line of professional-grade Kroil products, visit www.Kroil.com.
