

AGA winter sale now on!

/EINPresswire.com/ UK (Submitpressrelease123.com - press release) Cooker specialist AGA has announced the launch of its 2013 winter sale, with sale price reductions across the company's product range.

Savings of up to 25 per cent are available on selected items, meaning there has never been a better time to invest in an AGA range cooker. However, stocks of certain products included in the sale are limited and consumers have been urged to move fast.

AGA [range cookers](#) and ovens have helped prepare delicious meals for families across Britain for generations. And with discounts of up to 25 per cent on selected classic AGA [cast-iron cookers](#) until February 9, there are even more reasons to switch.

The fully-programmable electric AGA Total Control, which has the traditional cast-iron ovens but a fully-programmable touch-screen control panel, is available in the sale. A discount of up to £1,400 is available on a limited number of the award-winning, 3-oven AGA Total Control models. Customers can also save up to 50 per cent on integrated modules with selected AGA models.

People looking to purchase a conventional range cooker are also in luck, as 20 per cent savings can be made on the AGA Masterchef XL model. And for those who want to treat themselves to a new fridge-freezer, a 10 per cent saving is available on the super-cool AGA DxD refrigeration collection.

Anyone thinking of investing in an AGA cooker should act now to secure a bargain in the winter sale.

Available savings depend on the colour and cooker options chosen and based on the initial response, customers should visit their local AGA shop as soon as possible to avoid missing out on these great deals.

Anyone keen to find out more about the range of AGA products and what's included in the winter sale should visit [AGA Living](#) for further details.
