DigitalXForce Named Second Fastest-Growing Technology Company in North Texas with 514% Growth

AI-native Digital Trust innovator earns No. 2 ranking in the 2026 Tech Titans Fast Tech Awards, underscoring rapid market adoption of its TRiSCM™ platform

DALLAS, TX, UNITED STATES, September 16, 2026 / EINPresswire.com/ -- DigitalXForce, an AI-native leader in Enterprise Trust, Risk, Security and Compliance Management (TRiSCM™), today announced that it has been named the No. 2 fastest-growing technology company in North Texas in the 2026 Tech Titans Fast Tech Awards, achieving an impressive 514% three-year revenue growth rate.

The Tech Titans Fast Tech program recognizes the fastest-growing technology companies in North Texas based on three-year revenue growth. The 2026 rankings were compiled from company nominations and independent research using publicly available information conducted by Baker Tilly and Fifth Third.
DigitalXForce ranked second among the 15 fastest-growing technology companies in North Texas, further demonstrating the company's rapid growth and increasing enterprise demand for AI-powered, continuous approaches to cybersecurity, risk and compliance.

From North Texas Innovation to Global Digital Trust
Founded in the Dallas–Fort Worth area, DigitalXForce is redefining traditional Governance, Risk and Compliance by bringing Automated GRC, security posture management, AI risk governance, third-party risk, operational resilience and continuous control assurance together through a unified Enterprise TRiSCM™ platform.

Rather than relying solely on periodic assessments and static evidence, DigitalXForce enables organizations to continuously understand their security, compliance and risk posture using automation, operational telemetry and AI-powered risk intelligence.

Founder and CEO

The company's growth comes as enterprises face a rapidly changing risk landscape driven by generative and agentic AI, expanding digital ecosystems, increasing regulatory expectations and emerging quantum-era risks.

“Being recognized as the second fastest-growing technology company in North Texas is a tremendous milestone for DigitalXForce and, more importantly, a testament to our customers, partners and the extraordinary team behind our mission,” said Lalit Ahluwalia, Founder and CEO of DigitalXForce.

“Our 514% growth reinforces our belief that the market is ready to move beyond legacy, point-in-time GRC toward continuous, AI-powered Risk Intelligence. We started DigitalXForce in North Texas with a simple vision—to redefine how organizations establish Digital Trust. Today, that vision is scaling globally as enterprises look to manage risk at the speed of AI.”

> Being named the #2 fastest-growing tech company in North Texas validates our mission to redefine digital trust and risk management for the AI era”

“We are incredibly proud of our North Texas roots and grateful to Tech Titans for this recognition. This milestone motivates us to continue innovating, creating opportunities and giving back to the technology community that has supported our journey.”

Building the Next Generation of Risk Management

DigitalXForce's Enterprise TRiSCM™ platform is designed to converge historically siloed areas of governance, cybersecurity, risk and compliance into a continuously updated enterprise view. The platform brings together capabilities spanning Automated GRC, Enterprise Security & Risk Posture Management, Continuous Control Assurance, Third-Party Risk Management, AI Risk Governance, Business Continuity & Operational Resilience, Enterprise Risk Management and X-ROC™ Risk Operations.

This approach is designed to help organizations shift:
From point-in-time assessments Continuous Assurance
From fragmented risk tools Unified Risk Intelligence
From reactive risk management Proactive Risk Operations
From compliance reporting Measurable Digital Trust

About the Tech Titans Fast Tech Awards
Tech Titans' Fast Tech program recognizes the fastest-growing technology companies in North Texas based on three-year revenue growth. The 2026 ranking identified 15 of the region's fastest-growing technology companies, with DigitalXForce achieving the No. 2 position at 514% growth

About DigitalXForce:
DigitalXForce is a next-generation, AI-native platform for Automated Governance, Risk, and Compliance (GRC) & Enterprise Security & Risk Posture Management (ESRPM), that empowers enterprises to manage complexity with intelligence, agility, and confidence. Designed with a modular and composable architecture, DigitalXForce delivers an integrated suite of capabilities spanning automated GRC, Enterprise Security Risk Posture Management (ESRPM), Third-Party Risk Management, Cyber Resilience, and Regulatory Compliance.
At the core of DigitalXForce is its AI-powered engine, which leverages intelligent agents, machine learning models, and a dynamic control library to autonomously monitor controls, map evidence, assess risks, and generate real-time insights. Trusted by global enterprises across healthcare, finance, critical infrastructure, and technology sectors, DigitalXForce delivers measurable value by reducing manual effort, accelerating audit readiness, and improving organizational resilience in today’s fast-evolving threat and compliance landscape.
