Chuchulab Short Cakes by Hhhhsstudio Design Co.,Ltd. Wins Silver A' Design Award

Hhhhsstudio Design Co.,Ltd. Receives Silver A' Design Award in Interior Space and Exhibition Design

Chuchulab Short Cakes

COMO, CO, ITALY, September 16, 2026 /EINPresswire.com/ -- The A' Design Award has announced Chuchulab Short Cakes, a dessert shop interior created by Hhhhsstudio Design Co.,Ltd., as a Silver A' Design Award winner in the Interior Space and Exhibition Design category. The A' Design Award is one of the world's highly respected and well-recognized recognitions in the field of interior design, conducted through a rigorous blind peer-review process by an expert jury panel. This distinction acknowledges the careful balance of aesthetics, functionality, and innovation embodied in the awarded project. The recognition positions Chuchulab Short Cakes among notable interior achievements evaluated against established design criteria. It also reflects the dedication of Hhhhsstudio Design Co.,Ltd. to thoughtful commercial space design.

The Silver A' Design Award draws attention to interior projects that respond meaningfully to contemporary needs within the dining and retail sectors. Chuchulab Short Cakes addresses the growing demand for calming, restorative environments amid the pace of urban life, offering city dwellers a gentle space to pause and recharge. The design aligns with current interest in natural materials, soft lighting, and fluid spatial planning. By prioritizing comfort and privacy, the project advances practices that benefit both patrons and the wider hospitality industry. Its measured approach demonstrates how dessert venues can move beyond ornate conventions toward serene, human-centered experiences.

Inspired by the laid back spirit of the Southern French coast, Chuchulab Short Cakes employs undulating curves that echo rolling sea waves, wrapping guests in a comforting embrace. Warm wood veneers meet the raw texture of sintered stone slabs and handmade tiles, while lush greenery introduces an airy, serene ambiance. Gradient light blue tiles mimic the shimmering sea surface, and mirrored accents enhance visual depth with a modern touch. A central island bar optimizes spatial circulation, while semi enclosed seating balances dining privacy with open flow. Soft illumination paired with neutral beige and gray tones completes the gentle atmosphere.

This recognition serves as encouragement for Hhhhsstudio Design Co.,Ltd. to continue exploring the relationship between natural materials, fluid form, and emotional comfort in commercial environments. The award may inspire future projects that further refine the studio's philosophy of gentle fluidity. It reinforces the value of design that prioritizes wellbeing and sensory experience within dining spaces. The acknowledgement motivates the team to pursue ongoing innovation while maintaining its considered, craft-focused approach.

Project Members
Chuchulab Short Cakes was designed by Huang Xudong of Hhhhsstudio Design Co.,Ltd., who led the spatial concept and interior design execution for the dessert boutique.

Interested parties may learn more about the award-winning design, its designers, and the project details at the dedicated page provided by the A' Design Award. Additional information regarding the work and the studio behind it is also available through the same source.

About Hhhhsstudio Design Co.,Ltd.
Hhhhsstudio Design Co.,Ltd. is a commercial space design company based in China, officially established in 2022 with a founding team that brings over ten years of experience in space design and implementation. The studio maintains an innovative outlook, focusing on the aesthetic scope and social role of dining space design. Its work also extends to diversified creations such as brand visual art and life concepts, spanning enterprise branding, dining, retail, and restaurant experiences. The studio applies meticulous design ingenuity across furniture products and spatial environments alike.

About Chuchulab
Chuchulab is a dessert brand from Guangzhou that focuses on the research, development, and production of Japanese short cakes. The brand selects animal cream and other quality ingredients, emphasizing low sugar and light sweet flavor expression. Its products are primarily sized for one person, suitable for daily afternoon tea and light ceremonial occasions. Chuchulab uses simple and soft space design as a carrier to create a relaxed and comfortable consumption atmosphere. Through this approach, the brand offers urban patrons a fresh, handmade dessert experience.

About the Silver A' Design Award Recognition
The Silver A' Design Award recognizes designs that demonstrate excellence and innovation while remaining highly functional. Within the Interior Space and Exhibition Design category, evaluations consider criteria including innovative use of space, material selection, functional layout, color scheme, lighting proficiency, sustainable practice, cultural relevance, and aesthetic appeal. Further considerations include ergonomic design, attention to detail, space optimization, accessibility compliance, safety, and the adaptability and longevity of the design. Recipients are acknowledged for contributing to higher industry standards and for advancing the practice of interior design. The designation reflects a notable level of professional skill and considered creativity.

About A' Design Award
The A' Interior Space, Retail and Exhibition Design Award is a highly respected competition that promotes excellence and innovation within the interior design industry. It welcomes a diverse range of participants, including independent designers, leading agencies, innovative companies, furniture manufacturers, and established brands. Entries are evaluated through a blind peer-review process by an expert jury panel of design professionals, industry experts, journalists, and academics, assessed against pre-established criteria. Organized since 2008 and now in its 18th year, the A' Design Award is an international and juried competition open to entries from all countries and across all industries, driven by a philanthropic mission to recognize and promote superior projects that benefit society and help create a better world.
