

# Fence Outlet Out Performs 'Big Box' Stores When It Comes To Selection, Price & Service

/EINPresswire.com/ Central Florida Company Outshining Competition

Fence Outlet, Central Florida's fencing experts, blows away "big box" retailers by providing customers a larger selection, lower prices, faster delivery and superior customer service. Also, Fence Outlet offers shoppers a combined 48,000 square-feet of showroom and inventory of [fencing supplies](#) in three convenient locations in Orlando, Oviedo and Tampa.

With thousands of professional installations dotting the Central Florida landscape, Fence Outlet is quietly protecting and enhancing the community. Customers appreciate knowing that Fence Outlet boasts 20 years of business success and accreditation from the Better Business Bureau (BBB). "We are not a massive, national chain," said Fence Outlet owner & founder, Rajul Patel. "We are your neighbors, like you, living and working in Central Florida."

Not only is Fence Outlet locally owned, management strives to locate and stock "Made in America" [wood, vinyl and aluminum fencing](#) products. "We are proud to say that 95 percent of our fence products, including our PVC, are made in the USA," said Patel. "And, it's important to point out that consumers should be aware of buying imported PVC fence products. They are not necessarily manufactured to the same specifications as domestic manufacturers."

"When you buy a Fence Outlet fence you receive a one year warranty on the workmanship," continued Patel. "Plus, you deal with us - the local folks at Fence Outlet - not some outside third party located in another state (or country)."

Fence Outlet has fulltime service technicians on staff whose job it is to make sure customers are happy with your Fence Outlet product from start to finish. Their work is regularly reviewed and audited so that Fence Outlet's customer service department maintains the highest level of customer satisfaction. "Unlike the national hardware stores where you are just a number, at Fence Outlet, you are our neighbor," said Patel. "Your business is just as important to us AFTER you purchase from us."

Always looking to improve the shopping experience and enhance customer service, Fence Outlet recently launched a new web site boasting easier navigation features, same day [fence installation](#) estimates, electronic shopping cart, before-and-after gallery and many other features that make it easy for customers to purchase an affordable, quality fencing on-line.

Fence Outlet's showrooms in Orlando, Oviedo and Tampa included inventory of a wide selection

of vinyl, aluminum, steel, wood, chain link, arbors and gate openers. "Fence Outlet boasts a huge inventory so we are able to fill just about any fencing order, with no wait," said Patel.

About Fence Outlet:
