

# 247inktoner.com Launches New Program Offering Free Printer Cartridges

/EINPresswire.com/ Leading printer consumable internet retailer offers free printer cartridges in exchange for creating short instructional videos on printer usage and care.

Leading printer consumable internet retailer, [247inktoner.com](http://247inktoner.com) has launched a brand new program that gives the general public the opportunity to earn free ink and toner cartridges for their printers (up to \$150 value) by simply creating and submitting a short one to three minute video covering a "how to" topic on the printer(s) that they own.

Order ink and toner cartridges, ink sticks and other printer supplies for all printer models. Ships same day and 100% satisfaction guarantee.

In an effort to maintain their position as the leading source of quality printer information on the web, 247inktoner.com is enlisting the help of printer owners across the United States to help them develop a comprehensive online archive of instructional videos covering a wide array of current and discontinued printer models. This knowledge-base of free online instructional videos will help printer owners world-wide understand how to service their printers in a way that is easy to understand and can never be lost, unlike an instruction manual.

In exchange for creating and submitting these short instructional videos, 247inktoner.com is offering participants free ink/toner cartridges for their printer up to \$150 in value as a way of showing their appreciation.

"This is a great opportunity for printer owners to get their costly ink cartridges replaced for free," said Calvin Yu, owner of 247inktoner.com. "For those who haven't purchased from us before, this program is also a great way to give our products and service a try without spending a cent. Best of all, it takes less than fifteen minutes to complete and anyone with a smart phone can do it."

Interested printer owners who would like to participate in this program simply need to follow the instructions:

1. Visit the page: <http://www.247inktoner.com/landingpage/howtovideo>
2. Complete the sign-up form on the page.
3. 247inktoner.com will send participants guidelines on how to create their short video and how

many free cartridges they can get.
