# Public and Private Nuclear Companies Meet Institutional Investors at the StoneX Nuclear Innovation Summit, Sept 23-24

*Presentations, Two Panels, and One-on-One Meetings in Knoxville, Tennessee, Then a Day Inside Oak Ridge National Laboratory*

NEW YORK, NY, UNITED STATES, September 16, 2026 /EINPresswire.com/ -- B2i Digital, Inc. is the Marketing Partner for the Nuclear Innovation Summit, a B2i Digital Featured Conference hosted by StoneX in Knoxville and Oak Ridge, Tennessee, on September 23 and 24, 2026.

> “Day 1 is management teams, 2 panels, and 1x1s in Knoxville. Day 2, you're inside Oak Ridge National Laboratory, where this science started in 1943. StoneX created a unique experience with this event.”
> *David Shapiro, Chief Executive Officer of B2i Digital*

B2i Digital highlights the summit and the participating companies to a media network with a monthly audience of 330 million and a community of 1.7 million investors.

Day 1, September 23, at the Marriott Knoxville Downtown brings company presentations, fireside chats, pre-scheduled investor meetings and a cocktail reception. Two panels anchor the day. From Prototype to Profitability covers the commercialization of nuclear, and Chains & Cycles takes on the gaps in the nuclear fuel cycle.

Day 2, September 24, is Oak Ridge National Laboratory: presentations and Q&A with department heads at 8:30 AM, then lab tours, with buses back at the hotel or Knoxville Airport by 1:00 PM. Representatives of the Department of Energy's Gateway for Accelerated Innovation in Nuclear (GAIN) voucher program will be on site.

“I've been to my fair share of investor conferences, but none of them ended with a bus ride to a national lab. Day 1 is management teams, 2 panels and your 1x1s in Knoxville. Day 2 you're inside Oak Ridge National Laboratory, where a lot of this science started in 1943. StoneX created a unique experience with this event,” said David Shapiro, Chief Executive Officer of B2i Digital.
