Pop/dance songstress [Sophia Shy](#) will be debuting the music video for her newly released single, 'I Don't Wanna Miss' this spring.

Produced by Grammy nominated producer/artist Channel 7, formerly known as 7 Aurelius (whose written songs for LL Cool J, Mariah Carey, Ja Rule, Ashanti, Diddy-Dirty Money and Eve), this latest single is a follow up to her smash hit, 'Won't Stop Your Love'.

As the newest addition to 700 Hit Season, Sophia Shy's new tracks are apart of her formal introduction to the electronic dance music scene. The perfect mix of house and pop music 'I Don't Wanna Miss' displays Shy's vocal talent and ability to engage the crowd during her live stage performance.

"Working with 7 was tremendous," said Sophia Shy. "To bypass the demo stage and get directly into the studio working on custom tracks tailored for radio was a great experience!" She continues, "I learned a lot and understand all aspects of professional recording, and draft hits was amazing. I look forward to recording an album and coming out with the best songs possible. I truly am blessed to even get to this stage!"

Her first single 'Won't Stop Your Love', also produced and co-written by Channel 7 is a bouncy house anthem. The single's music video brings the song to life. It features an animation-styled storyline contouring the superhero Sophia Shy becomes to complete the quest of love. Steadily gaining momentum throughout the US market 'Won't Stop Your Love' is currently rotating on many stations; now 'I Don't Wanna Miss' will soon follow suit.

Sophia Shy will be touring this summer. As an International artist she's garnered many new fans not only stateside but also in Tokyo and Paris. She'll be performing both hit singles, 'I Don't
