

Servcorp, Aims to Help Businesses Grow and Prosper in the New Lunar Year

/EINPresswire.com/ At Servcorp's upcoming Yee Sang event, existing clients will have the opportunity to receive advice and consultancy on how to achieve success in the "Year of the Snake."

This February, Servcorp will celebrate Chinese New Year with a special Yee Sang event. The unique event enables Servcorp's clients to discover new and innovative ways to develop their business in the "Year of the Snake."

Servcorp understands the importance of business growth for the continued vitality of the Singapore economy. According to a 2013 report published by the World Bank and the International Finance Corporation, for the seventh year in a row, Singapore is the world's most conducive economy for conducting business. This is certainly good news for business owners and entrepreneurs operating in such an environment as it leads to opportunities and continual evolvement of the business climate.

As confident as one may be in running a business, receiving additional business advice from other professionals can be valuable and only help in furthering pre-existing efforts. Servcorp's Yee Sang event is not only a New Year celebration but a great opportunity for its clients to learn and keep up with current trends and to provide a fresh start for their business in the New Year.

Clients can learn more by scheduling a meeting and discussion with their manager 30 minutes before or after the event. The traditional Yee Sang events will be hosted by Servcorp at each of the four [virtual](#) and [serviced office locations in Singapore](#) from the 14th to 19th February.

About Servcorp Singapore
