

# Leading Data Security Facility in Houston Launches New Website

/EINPresswire.com/ StratITsphere, a Data Solutions Center for Mission Critical Information, Partners with Dallas SEO Firm Advice Interactive Group to Launch New Website

StratITsphere, a leading [data center in Houston](#), recently partnered with [Dallas Internet marketing firm](#) Advice Interactive Group to launch a new data solutions website.

As data becomes more and more central to the everyday operation of most businesses across the country and the world, keeping sensitive and important data safe becomes a key component to business security. StratITsphere provides the safety and security businesses the world over look for in a data center. With a facility that can be monitored 24/7 from anywhere in the world, StratITsphere's data solutions are truly targeted toward keeping information safe and secure.

Industries like government, finance, and healthcare rely on the services provided by StratITsphere to keep their information private. Each private secured cage and custom suite located within StratITsphere's data security facility are protected from natural disasters and can be monitored or visited at any time. No matter the size or scope of a business, StratITsphere can design and implement the right data plan for their needs.

StratITsphere's main offices are located in Katy, TX:

Stratitsphere Data  
1510 Prime West PKY  
Katy, TX 77449  
Phone: (888) 316-4191

The new data solutions website features detailed information about the company's services, including cloud computing, IT solutions, and [worksite recovery](#). Interested parties can also read about StratITsphere's code compliance, facility specifications, and technology partners. Visitors can schedule tours and contact the company directly from the new website by filling out the simple forms.

## About StratITsphere

StratITsphere is a full-service data solutions center focused on data security and cloud computing for businesses across the world. Their Alpha facility is qualified as an SSAE-16 Type II building, meaning it has been proven to be operationally effective in security, design, and

controls by an independent third-party auditor.

StratITsphere's parent company is Evolve Data Center Solutions, a global professional services organization that specializes in the deployment of comprehensive mission critical infrastructures.
