Pennsylvania Parks and Forests Foundation Welcomes New Staff

CAMP HILL, PA, UNITED STATES, September 17, 2026 / EINPresswire.com/ -- The Pennsylvania Parks and Forests Foundation (PPFF) is excited to announce the addition of a new team member who will help further the organization's mission to inspire stewardship of Pennsylvania's state parks and forests. Joining PPFF is Heather Post, who steps into the role of Membership and Development Coordinator. Heather's diverse professional background and enthusiasm for Pennsylvania's parks and forests will strengthen PPFF's efforts to engage and promote membership, support donors, and ensure a bright future for the Commonwealth's natural resources.

Heather Post joins the team after decades working in the educational technology sector. She brings more than 20 years of hands-on experience managing customer relationships, data systems, and business operations to PPFF.

From 2003 to 2026, she co-owned and helped grow York Corvus, LLC, a national provider of web-based software for college students, demonstrating experience that reflects her reliability, service mindset, and technical strength. She also previously served as Business Manager for Bradley Academy for the Visual Arts, overseeing payroll, financial operations, accreditation and governmental reporting. This background aligns directly with the accuracy, record keeping, and reporting responsibilities central to her new role at the Foundation.

"I'm excited to bring my experience in operations, customer support, and data management to an organization whose work I believe in," Heather says. "Pennsylvania's state parks and forests have been a part of my life for years, and I'm looking forward to helping PPFF support the members, donors, and volunteers who make that mission possible."

“Our mission depends on reliable, thoughtful support for volunteers, donors, and partners,” said Marci Mowery, President of PPFF. “Heather’s background positions her to contribute meaningfully from day one, and we’re thrilled to welcome her to PPFF.”

PPFF remains focused on advancing stewardship, expanding volunteer engagement, and removing barriers that keep people from enjoying Pennsylvania's public lands. Bringing new staff into the organization strengthens our ability to deliver on that mission and better serve communities across the Commonwealth.
