

Get four times the fun and functionality with the latest Lenovo IdeaPad

/EINPresswire.com/ UK (submitpressrelease123.com - press release) Not all tablet computers are created equal, and at BT Shop, customers can now buy a groundbreaking model from Lenovo which re-writes the rules on adaptability and go-anywhere capability.

The [Lenovo IdeaPad Yoga 11](#) will literally bend over backwards to help a user, being capable of operating in four different configurations: as a laptop, on its own integral stand, as a compact tablet, and in a tent shape with outward-facing screen.

And it's just as versatile and practical under the surface as its distinctive looks suggest, being ready to run on even the longest journeys, with an ultra-long battery life which will take it once around the clock and a little further, giving up to 13 hours of non-stop use.

With an 11.6-inch screen, it measures up well against all the leading tablets now on the market, while its 64GB memory and 2GB of RAM means it runs even the most complex programs with ease, and has enough storage for all your data, documents and media to help keep everything needed for business and pleasure all in one extremely smart and compact package.

And when you're back at home with your Lenovo IdeaPad, you can still stay connected effortlessly by using it in conjunction with one of BT Shop's [wireless routers](#).

"Lots of devices claim to be capable of being taken anywhere, and offering a great list of functions and features into the bargain, but the Lenovo IdeaPad Yoga 11 can do everything you'd expect from a high-end PC, and look fantastic in the process," said Caroline Hodgson from BTShop.com.

"It certainly has that 'wow' factor, and stands out in a world of increasingly anonymous portable computers," she added.

The Lenovo IdeaPad Yoga 11 further cements BT Shop's reputation as a great place to look online for and buy conveniently all the latest go-anywhere gadgets for home and business, with the range of [cordless phones from BT Shop](#) rivalling any that can be found, and coming with fast delivery direct to the customer's home, for as little as 99p.

With prices starting at £707.36 including VAT, the Lenovo IdeaPad Yoga 11 won't stretch the

funds of anyone looking to upgrade their laptop to bursting point either. Order one today from Shop.BT.com.
