

2013 Jeep Cherokee Now Available At Northstar Jeep In Redcliffe

/EINPresswire.com/ Jeep enthusiasts can now test-drive the new 2013 [Jeep Cherokee in Brisbane](#) at Northstar Chrysler Jeep Dodge in Redcliffe.

The popular Jeep® Cherokee 2013 model has arrived at Northstar Chrysler Jeep Dodge, Brisbane's largest auto group and dealer of [Jeep in Redcliffe](#).

"The Cherokee has always been at the forefront of innovation, while evoking the rugged sporty trapezoidal design that Jeep owners love. With its signature seven slot grille, the design evokes the vintage Jeep structure, but upon closer inspection, this 2013 model has all of the modern features that one would need in an off-road vehicle," says Bob Aldons, owner of Northstar Chrysler Jeep Dodge (<http://www.redcliffe.cjddealer.com.au/>).

When test-driving the Jeep [Cherokee in Brisbane](#), drivers can take note of the superior handling the mid-size SUV has whether they plan to venture on-road or off. A network of safety sensors detects when the SUV is going off-road and uses a four-wheel anti-lock brake system, all-speed traction control, a brake assist system that automatically helps provide quicker braking power in emergency situations and electronic roll mitigation that applies braking to necessary wheels if a sharp steering action takes place, or if a wheel comes off the ground.

Off-road enthusiasts will enjoy several features that will make outdoor hobbies easier in the Jeep Cherokee. Hikers will appreciate the security of leaving their vehicle with a security alarm and the Sentry Key anti-theft engine immobiliser that deters theft by monitoring doors, ignition and the liftgate and makes it impossible to start without the encoded key.

Another feature that makes the Cherokee perfect for the outdoors is a reversible cargo hold that allows you to transport muddy gear on one side, and reverses to carpet for everyday use. With 1,404 litres of cargo space, outdoor gear is sure to fit inside.

Drivers can book a test drive online for the all-new Cherokee in Brisbane by visiting the Northstar Chrysler Jeep Dodge website.

Jeep enthusiasts can now test-drive the new 2013 Jeep Cherokee in Brisbane at Northstar Chrysler Jeep Dodge in Redcliffe.
