AURORA, IL - Giftsin24.com has a new line of personalized stationery that will bring a little smile to the faces of their customers. The Family Photo Lists product line lets customers upload an image to the Giftsin24.com site and add it to their notepads along with personalized text. The [personalized Family Photo Lists](#) are currently available in both Landscape and Vertical formats making them suitable for creating shopping and to-do lists or sending short notes or reminders.

"The new Personalized Family Photo List line follows the same premise as our birth announcement cards which allow customers to upload their own .jpeg photo and personal text to create a completely unique and personal announcement. Customers can do the same thing with the notepads. We've started the line with a landscape format and a vertical format but these are just the first two products that we're offering in the Family Photo List line. We have plans to add more options in the near future," explained Dustin Baker of Giftsin24.com (www.Giftsin24.com).

The Giftsin24.com website has a custom uploading tool that makes it simple to upload .jpeg photos and crop them to fit the lists. Each style allows for one uploaded image and two lines of text. As with most of Giftsin24.com products, the personalized notepads can be produced and shipped within 24 hours of order placement.

The Landscape Photo List notepads measure 4.5" H by 8.5" W while the Vertical Photo List notepads are 8.5" H by 4.5" W. Each style of notepad has 250 personalized sheets and comes in Giftsin24.com's signature Crystal Clear holder for \$29.95. The paper choice is white to allow for best photo reproduction. Text is available in Black, Emerald, Fuchsia, Mocha, Navy, Purple, Red or Tropic.

"These are handy little notepads that will be popular with families and individuals, but we see potential for businesses and organizations to use them as well. They would be perfect for jotting

quick notes to clients with an image featuring a new product or service. I can also see a lot of potential for these notepads to be used by salespeople who want to make sure clients remember their face," noted Baker.

Giftsin24.com produces all of their personalized stationery in-house at their Aurora, Illinois facility. Nothing is imported from overseas, thus ensuring your purchase is 100% "Made in the USA". The company's fully automated, web-based order system makes for quick turnaround time on most orders. Most of GiftsIn24.com's orders are placed, fulfilled and shipped within 24 to 48 hours.
