

The 2013 Jeep Patriot Is Ready For Road Tests At Northstar Jeep In Brisbane

/EINPresswire.com/ The highly anticipated 2013 Jeep Patriot has arrived at Northstar Chrysler Jeep Dodge in Redcliffe. The dealer offers a large selection of the rugged Jeep [Patriot in Brisbane](#).

Adrenaline junkies can now get their fix of adventure by test-driving the 2013 [Jeep® Patriot in Brisbane](#). The Patriot combines the power of off-roading that is synonymous with Jeep and the style of a luxury family SUV into one compact crossover package.

Jeep enthusiasts will love the power and performance of the new [Northstar Jeep](#) Patriot whether they plan on an off road adventure or a long family road trip. "During a test-drive of the Patriot in Brisbane, drivers can take notice of the Jeep's superior state-of-the-art off-road features. The Jeep Freedom Drive gives the driver 4WD capability with a lock mode and electronically controlled coupling, which prevents wheel slippage by transferring torque to the axle that needs it most," says Bob Aldons, owner of Northstar Chrysler Jeep Dodge (<http://www.redcliffe.cjddealer.com.au/>).

The 2013 Patriot is unmatched in its class with safety features including multi-stage front and side-curtain air bags, supplemental seat-mounted side airbags and front-seat active head restraints. The Patriot's Electronic Stability Control, Electronic Roll Mitigation and All-Speed Traction Control provide additional protection to passengers.

The Jeep Patriot's stylish rugged exterior seven-slot grill, 17-inch aluminium rimmed tyres, and standard roof rails showcase the legendary Jeep style. The luxurious interior is equipped with UConnect to let the driver stay connected for hands-free phone calls, listening to music on an MP3 player and providing GPS navigation. The leather-wrapped steering wheel features temperature controls at the fingertips while the Electronic Vehicle Information Centre provides smart features including alerts, a trip computer, average fuel consumption and outside temperature.
