Modern Railing Co Offers Glass, Aluminum and Pool Handrail Installation in South FL

Modern Railing Co provides glass railing, aluminum railing and pool handrail installation across Palm Beach, Broward and Miami-Dade counties.

Modern Railing Co

BOCA RATON, FL, UNITED STATES, September 18, 2026 / EINPresswire.com/ -- Modern Railing Co, a South Florida railing contractor, continues to install custom glass and aluminum railing systems for homes, condos, and commercial properties across Palm Beach County, Broward County, and Miami-Dade County, including glass railing installation, aluminum railing installation, and stair railings installation.

> The right railing starts with the property, not a catalog page — site conditions decide what actually works."
>
> *Ellen Rashkovsky owner of Modern Railing Co*

Every project begins with the property itself. Modern Railing Co asks for the property address, a few photos, approximate measurements, and any HOA or building requirements before recommending a system, since factors such as coastal exposure, substrate type, and slab or wall conditions all affect which railing and mounting method will actually work for a given space. All material is kept in stock, with installation turnaround currently running two to three weeks depending on project scope.

Glass Railing Installation

For properties where sightlines and natural light matter most, Modern Railing Co installs frameless, post-mounted, base-shoe, and standoff or fascia-mounted glass railing systems using tempered and laminated glass. In Miami-Dade and Broward's High-Velocity Hurricane Zone, the company also offers impact-rated laminated glass systems where wind and impact documentation is required for approval.

Aluminum Railing Installation

For property owners who want more defined architectural lines and lower routine maintenance, Modern Railing Co installs aluminum railings finished in standard, black, and dark or light wood tones. Aluminum resists rust and corrosion even with heavy coastal exposure, making it a common choice for properties along the water or exposed to salt air throughout Palm Beach, Broward, and Miami-Dade counties.

Stair Railings Installation

Pool areas often need more than one type of railing solution. Modern Railing Co installs both protective pool barriers and standalone entry-support handrails, and helps property owners clarify which function the space needs before selecting a system. Pool handrails and railings are built to withstand constant exposure to water, pool chemicals, and South Florida sun without losing structural integrity or finish quality.

Modern Railing Co also provides stair and indoor railings, deck and outdoor railings, balcony railings, glass pool fences, custom railings, and railing repair and replacement services, with free estimates for all projects and material shipping available across the US within five business days.

About Modern Railing Co

Modern Railing Co is located at 980 North Federal Highway, Suite 110, in Boca Raton, FL, and serves residential, condo, and commercial properties throughout Palm Beach County, Broward County, and Miami-Dade County, including Boca Raton, West Palm Beach, Fort Lauderdale, Miami, Coral Gables, and Key Biscayne. The company specializes in glass and aluminum railing systems, including stainless steel and cable railing options, for stairs, balconies, pools, decks, and commercial properties.

Property owners in Palm Beach County, Broward County, Miami-Dade County, and Boca Raton seeking glass railing installation, aluminum railing installation, or pool handrail installation can request a free estimate by calling (561) 672-0717 or visiting modernrailingco.com.
