

Founding Fathers Founding Mothers Ornaments

/EINPresswire.com/ We The People of today because We The People of 1787 used their God-given talents for FREEDOM!

Waco TX - March 2013 -- Our Founding Fathers with the support of our Founding Mothers declared they should be free of a demanding King and put in action the means to make it happen. They met in secret to write the United States Constitution, that is the most sacred document we possess. This was revolution, they were setting up a new government to live free. Thirty-nine brave men signed the document. Then they had to fight and sacrifice for many many years. The Constitution is applicable today, good for all times.

A historian and collector of unusual [ornaments](#), Barbara T. Kasmiroski has begun the creation of the Founding Fathers Founding Mothers ornaments. You have seen many such things for President George Washington and wife Martha and rightly so. They deserve it. In the coming months ornaments will be designed for the others. Made in the United States of America.

There will be a mini history card in each boxed ornament. One Founding Mother at 16 years was put in charge of 3 plantations, head of the household, and experimenting with seeds to produce a cash crop. One Founding Father wrote the first airmail letter in 1793 in the U.S.A.

You will not find the ornaments in stores. Babbee's is a mail order business located in Waco, Texas. It started in 2002 with an ornament to honor our military, second to honor our mail men/women, other themes of honor.
