

Treat your mother with fabulous gifts...

/EINPresswire.com/ UK (Submitpressrelease123.com - press release) With Mother's Day looming, it's time to celebrate that special woman in your life. Whether you are celebrating with your mum, step-mum, grandma or any woman who has made an impact on your life, [Missguided](#) has the perfect gifts to ensure she knows just how much you care.

A mother's love is priceless; they want only the best for us so make sure you get only the best for her. This year, Missguided has compiled the perfect collection of truly special gifts, making your present-giving decisions simple.

Is your mum a fashionista? Why not gift her with a bang-on-trend tailored peplum [bodycon dress](#)? Teamed with some pastel heels and an oversized clutch she will be the trendiest mum in town. For more conservative ladies, a cable knit jumper is the perfect trans-seasonal piece that is certain to last her through until 2014.

Rather than the usual flowers and chocolates this year, treat your mum to some beautiful jewellery or accessories. Missguided's gorgeous collection of jewellery offers elegance and glamour, something that every mother deserves. This year, treat her to a pair of exquisite chandelier earrings that will add allure to any outfit. Or, update her outfit with Missguided's must-have range of embellished clutches and oversized shoppers.

If you think she'd prefer the ultimate in wrist candy, treat her to one of our faux crystal-encrusted watches or take your pick from Missguided's exclusive range of wrist-pieces. Or, if you just want to pamper your mum this year, make her feel like a million dollars with some makeup bag essentials from Missguided's exclusive beauty range.

No matter what you choose to give her, make this Mother's Day one to remember without breaking the bank at [Missguided.co.uk](#).

For more on-trend Mother's Day gifts and the latest SS13 pieces, head over to [missguided.co.uk](#). With prices starting from just £9.99 and free UK next day delivery on orders over £40, fashion doesn't have to be unaffordable.
