

# Vigilant Software exhibiting at Infosecurity Europe

---

/EINPresswire.com/ [Vigilant Software](#), the risk management solutions provider, has today announced that it will be exhibiting at Infosecurity Europe, Earls Court, London, April 23-35. Vigilant Software will be sharing a stand (#F98) with [IT Governance](#), distributors of Vigilant Software's cyber security risk assessment tool, vsRisk™.

Alan Calder, cyber security expert and CEO of Vigilant Software, says, "We are delighted to exhibit at Infosecurity Europe trade show. This is Europe's largest information security gathering and we are looking forward to meeting many IT professionals. Discussing their issues and listening to their needs will enable Vigilant Software to incorporate new features in the vsRisk software that are bespoke to our customers' needs."

Vigilant Software will also be offering demos of vsRisk and their [ISO27001 Compliance Database](#) and Update Service. In order to register your interest in a demo, please visit [www.vigilantsoftware.co.uk/Infosecurity-Europe-2013.aspx](http://www.vigilantsoftware.co.uk/Infosecurity-Europe-2013.aspx).

More information on Vigilant Software including the cyber security risk assessment tool vsRisk and the Compliance Database can be found at [www.vigilantsoftware.co.uk](http://www.vigilantsoftware.co.uk)

NOTES TO EDITORS

Alan Calder is the CEO and founder of Vigilant Software. Alan is an acknowledged information security and risk management guru who managed the world's first successful ISO27001 (then BS7799) implementation project in 1996. A frequent media commentator on risk management issues, Alan Calder is also the co-author to vsRisk™ – the definitive cyber security risk assessment tool.

Vigilant Software Ltd is part of the IT Governance group of companies and is the specialist ISO27001 risk assessment company. It specialises in developing and deploying tools that help organisations manage information security risk in compliance with industry leading standards such as ISO/IEC 27001 and ISO/IEC 27005. Its customer base spans Europe, the Americas, the Middle East and Asia. More information is available at [www.vigilantsoftware.co.uk](http://www.vigilantsoftware.co.uk).
