

IT Governance and Certification International announce an ISO27001 information security workshop in April 2013

/EINPresswire.com/ Professional services company, [IT Governance](#), in association with leading global independent certification body, [Certification International](#), have announced the second in a series of Information Security workshops targeted at senior decision makers and information security professionals.

When: Thursday 18th April, 9:30 am – 5:00 pm (Registration from 8:30 am)

Where: Sir Daniel Gooch Theatre and Balcony conference facilities at STEAM – The Museum of the Great Western Railway, Swindon, SN2 2EY

Price: £35+ VAT per delegate (including lunch)

Bookings: www.itgovernance.co.uk/shop/p-1260.aspx

Participants will include Alan Calder, a world expert in IT governance, ISO27001 and information security, and Rob Peddle, Director of the [HPO](#).

Agenda:

- IT Governance will explore the Myths and Realities of ISO27001 – and discuss the benefits.
- Certification International will explain the certification process and how it works in practice, including case studies.
- The second part of the workshop will include discussion groups and individual 'surgeries' during which attendees will have the opportunity to engage in personal discussions with staff from IT Governance and Certification International.

Attendees will benefit from an opportunity to network with like-minded professionals and ask experts for advice and guidance on information security management and ISO27001-compliance.
