

Prolargex A Yohimbe-Alternative Male Enhancement Pill Is New To Market

/EINPresswire.com/ Lab88 has developed a yohimbe-alternative [male enhancement](#) supplement after many years of delving into the ideal blend of ingredients, including [potent aphrodisiacs](#) and unusual herbs from exotic regions around the world.

An ingredient often used in male sex enhancement pills Yohimbe is effective but it's not advised for all adult men, especially those with heart conditions and hypertension. Lab88 has successfully been in the dietary supplement market for over ten years. Considered a leader in the male enhancement market with its popular Irexix male supplement, Lab88 recognized that Yohimbe is not recommended for all men. As a result for men with yohimbe sensitivity they have launched ProLargeX . The ingredients in ProLargeX were carefully gathered from around the world, containing unusual herbs and extracts along with potent aphrodisiacs including Tongkat Ali and Orchic Extract. Tongkat Ali has been hailed as the "Asian Viagra" in a May 1999 report in the New Sunday Times. Tongkat Ali has been shown in animal studies to boost testosterone, enhance energy, and improve muscle mass. Orchic Extract is obtained from bull's testis. Orchic Extract is used by men to maintain healthy testicular performance. ProLargeX is also formulated with zinc, a necessary mineral essential for prostate gland health and the growth of male reproductive organs, helping with sperm movement.

ProLargeX [natural male enhancer pills](#) are intended to promote improved sexual function by boosting desire, sex drive, endurance, performance and sexual self-confidence.

ProLargeX natural male enhancement supplements are offered exclusively online at ProLargeX.com. Their official-website offers multiple purchase discounts and free shipping with eligible orders.

Visit www.male-enhancement-truths.org a review site dedicated to reviewing and ranking the top trending male enhancement supplements available today for more information on ProLargeX.

Lab88 group of companies was established in 2001. The company was launched with the directive to promote first grade supplements and health products that fill a health and wellbeing need, addressing a specific issue or quality of life concern.
