Crucemundo Expands Rhine Programme for 2027 with New Düsseldorf Homeport and Increased Departures

LAKE FOREST, CA, UNITED STATES, September 24, 2026 / EINPresswire.com/ -- Crucemundo has announced a major expansion of its Rhine River cruise programme for 2027, introducing a new homeport in Düsseldorf and a completely redesigned collection of Rhine itineraries.

Driven by strong guest demand and the city's excellent flight connections, Crucemundo will increase its Rhine River cruise capacity in 2027 by basing operations in Düsseldorf, creating a more accessible gateway for international travellers and significantly expanding the number of departures available throughout the season.

> Our guests are increasingly looking for fresh ways to experience Europe's rivers, while our growing network of agency partners continues to support our expansion across key source markets."

The new programme will feature 19 departures across three distinct seven-night itineraries, offering guests a wider choice of experiences across some of Europe's most scenic waterways.

The new itineraries include:

Holland & Belgium: 7 Nights
A journey through the cultural highlights of the Netherlands and Belgium, combining historic cities, iconic canals and vibrant European capitals.

Classical Rhine: 7 Nights
A classic Rhine voyage featuring picturesque river landscapes, charming towns and some of the region's most celebrated cultural landmarks.

Romantic Moselle: 7 Nights
A scenic exploration of the Moselle Valley, renowned for its medieval villages, vineyard-covered hillsides and historic riverside towns.
The new Düsseldorf programme replaces the company's previous Cologne-based Rhine operations and represents one of the most significant itinerary developments in Crucemundo's history.

"Our guests are increasingly looking for fresh ways to experience Europe's rivers, while our growing network of agency partners continues to support our expansion across key source markets," said Alexei Prokhorov, CEO of Crucemundo.
"By moving our Rhine operations to Düsseldorf, we can offer improved flight accessibility, more departure options and a broader range of itineraries, giving guests greater choice than ever before."

The Rhine programme will be operated by the MS CruceRio, which joins the Crucemundo fleet in 2027 as part of the company's wider growth strategy.
Guests sailing on the new Rhine itineraries will also benefit from enhanced onboard inclusions. All cruises feature a complimentary drinks package including house wine, draft beer, soft drinks and a self-service coffee station available throughout the day.

Cruises start from €1,730 per person for seven nights and include three shore excursions, accommodation, full-board dining and the all-inclusive drinks package.

With 19 departures across three unique itineraries, the 2027 Rhine programme marks a significant milestone in Crucemundo's continued expansion and commitment to delivering exceptional value and immersive river cruise experiences throughout Europe.
