

Casinos Europe, a Complete Guide to All Land-based Casinos in Europe, is Now Online

/EINPresswire.com/ [Casinos Europe](#), a new [online casino-guide](#), offering comprehensive, first-hand information on live casinos in popular tourists' destinations in Europe was recently launched.

Casinos Europe, a travelers' guide to land-based casino in Europe, is now online at [casinoseurope.com](#). The new guide offers comprehensive first-hand information on all land-based casinos in Europe. The new online casino-guide was recently launched, after founder and casino-guru, Avi Fichtner, realized that there is no source providing reliable, up to date information about live casinos in popular travel destinations in Europe.

"Casinos Europe is about live, brick and mortar casinos," says Fichtner. Much like familiar travel guides, such as Lonely Planet, the new casino portal offers first hand information, including many casinos reviews based on Fichtner's visits to the various casinos, which convey to the reader a unique, first-hand impression of the different venues. Reviews from Fichtner's visits to casinos in Germany, Austria, Belgium and the UK are already online. "I do this above all because I am a casino buff. I love the excitement of live casinos. Although casino-hopping can be energy consuming, I believe that it's necessary in order to provide readers reliable, quality information. I made it my goal to visit all casinos in Europe, and am making headways. It has been a fascinating experience so far. I get to visit new and exciting casinos, that I wouldn't have gotten to otherwise, such as [the casino in Kitzbuhel](#), for example. Kitzbuhel is a small winter-sports destination in the Austrian Alps. Unlike large, modern casinos, this casino is designed as a cozy ski-lodge and has a fantastic atmosphere. I thought it offers a great casino experience and wanted to have a medium to share my experience with other travel or casino fans. And as for modern casinos, I was recently at the Palm-Beach Casino in London, and loved it. It is an exclusive, high-rollers' venue that is fun to visit."

In addition to first-hand reporting about live casinos in Europe, the new guide provides a host of useful information aimed to help travelers, whether casino-experienced or not, plan trips to destinations in Europe. The casinos are arranged by country and by geographical region. A map showing all casinos in the reader's area of choice is also available. As [casinoseurope.com](#) aims at providing up-to-date, reliable information to its target audience, a lot of work went into deciding what information would best assist readers. The final result is based mainly on feedback from

readers collected by Fichtner over the years, while writing about various casino related topics. "Up-to-date, reliable information is our motto at casinoseurope.com," says Fichtner. We would love to have our reader's help us keep the new guide continuously updated." To get in touch, you can leave a comment on casinoseurope.com, or email info@eu-internet-marketing.com.
