

# IT Governance launches the UK's First Dedicated ISO27005 Risk Management Course

/EINPresswire.com/ [IT Governance](#), the global leader in information security and ISO27001-compliance expertise, is today launching the first dedicated ISO27005 Certified ISMS Risk Management training course in the UK. Find out more at [www.itgovernance.co.uk/shop/p-1309.aspx](http://www.itgovernance.co.uk/shop/p-1309.aspx).

Effective risk management is widely accepted as being the key to achieving certification and maintaining compliance with the ISO27001 Information Security Management Standard. [ISO/IEC 27005:2011](#) is the international standard that provides guidelines for effective information security risk management and directly supports the risk management approach as specified in ISO27001.

The three-day ISO27005 Certified ISMS Risk Management classroom course is designed to provide delegates with the knowledge and skills required to fully implement a risk management programme that includes risk assessment, risk treatment and continual improvement. Delegates who successfully complete this Advanced Level course will be awarded the Certified ISMS Risk Management (CIS RM) qualification, issued by the International Board for IT Governance Qualifications (IBITGQ).

The ISO27005 Certified ISMS Risk Management training course is the latest addition to the well-respected IT Governance ISO27001 certificated education programme. This programme includes the ISO27001 Certified ISMS Lead Implementer, Internal Auditor and Lead Auditor courses.

Places on the course can be booked immediately online at [www.itgovernance.co.uk/shop/p-1309.aspx](http://www.itgovernance.co.uk/shop/p-1309.aspx).
