D&G Construction details six-week full home remodel in Broomfield's Anthem Reserve

The interior renovation added a two-story marble fireplace wall, a home office with a live moss wall, and a den with a custom neon sign.

Broomfield Living Room

BROOMFIELD, CO, UNITED STATES, October 1, 2026 /EINPresswire.com/ -- D&G Construction, a Colorado design-build firm, has released details of a full home remodel it completed in Broomfield's Anthem Reserve neighborhood. The home sits on a lot with Front Range views from nearly every room. The full interior renovation took six weeks of construction.

The main living space is built around a two-story marble fireplace wall. Dark slatted paneling was added as an accent wall treatment.

> The homeowners wanted a design that reflected them personally, room by room. Our work was to make features like the moss wall and the neon den fit into one home and to build each of them to last,"
>
> *Gina Palombo-Dinkel, Co-Founder*

The home office includes a live moss wall. A den was finished with a geometric design and a custom neon sign.

The primary suite was designed around a canopy bed and includes a built-in fireplace.

D&G Construction handled design and construction under one team. More information about the firm's work on a full home remodel in Broomfield is available on its website.
