# Kooner Fleet Management Solutions Named Exclusive On-Site Fleet Maintenance Provider for Safe Truck Parking

*Partnership offers mobile maintenance and 24/7 repair directly to Safe Truck Parking locations, beginning in San Diego, CA, with nationwide expansion planned.*

SACRAMENTO, CA, UNITED STATES, September 29, 2026 /EINPresswire.com/ -- Kooner Fleet Management Solutions, a leading provider of comprehensive on-site fleet management, preventative maintenance and mobile repair solutions, today announced a strategic partnership with Safe Truck Parking to become the company's exclusive on-site fleet maintenance provider.

> “Safe Truck Parking gives Kooner FMS another opportunity to deliver fast, reliable maintenance that will keep trucks moving and drivers productive.”
>
> *Bill Cooper, VP of Sales at Kooner Fleet Management Solutions*

Beginning at Safe Truck Parking's San Diego, CA location, Kooner FMS will station dedicated technicians on-site to provide professional maintenance and 24/7 repair services for commercial fleets and independent owner-operators utilizing Safe Truck Parking facilities. The partnership will expand to additional Safe Truck Parking locations across the country in the coming months.

The embedded service model allows drivers and fleet operators to complete maintenance and repairs while vehicles are already parked, reducing unnecessary trips to repair facilities and helping fleets maximize uptime.

"Our mission has always been to make fleet maintenance more convenient, more responsive, and more efficient," said Gary Kooner, Founder and CEO of Kooner Fleet Management Solutions. "Partnering with Safe Truck Parking allows us to bring maintenance directly to where trucks are already stopping, helping carriers minimize downtime and get equipment back on the road faster."

Kooner Fleet Management's technicians will provide a wide range of services at participating Safe Truck Parking locations, including:
- Tractor & Trailer repair

- Tire service & replacement
- Electrical diagnostics & repairs
- Preventative & scheduled maintenance
- Same-day & emergency repairs

Whether fleets require planned preventative maintenance or unexpected repairs, Kooner's embedded technicians will be available to deliver professional service without requiring drivers to leave the facility.

Kooner FMS Partners with Safe Truck Parking

"As demand for safe, secure truck parking continues to grow, we're always looking for ways to provide additional value for drivers and fleets," said Mike Mattis, Director of Business Development at Safe Truck Parking. "Partnering with Kooner allows us to offer professional on-site maintenance services that help customers keep their equipment moving while making better use of the time their vehicles are already parked."

The partnership reflects a shared commitment to improving the driver experience while helping fleets reduce downtime, simplify maintenance planning, and improve operational efficiency.

Unlike traditional repair models that require vehicles to travel to a shop, Kooner's on-site approach brings certified technicians directly to the equipment. By embedding technicians at Safe Truck Parking locations, fleets gain immediate access to trusted maintenance support exactly where it's needed.

"This partnership is another example of how we're continuing to rethink fleet maintenance," added Bill Cooper, VP of Sales at Kooner FMS. "As our nationwide footprint continues to grow, we're focused on meeting customers where they operate. Safe Truck Parking gives us another opportunity to deliver fast, reliable maintenance that will keep trucks moving and drivers productive."

Safe Truck Parking Operates additional properties in Alabama, Arizona, Florida, Illinois, Indiana, Oklahoma, South Carolina, and Texas, with additional locations opening in Colorado, Georgia, Kentucky, Maine, and Utah.

Kooner Fleet Management Solutions offers a comprehensive suite of services, including Fleet

Optimization, 24/7 vehicle maintenance & repair, driver safety training, compliance management, and advanced technologies for real-time fleet monitoring & analytics. As the company continues to expand nationally, Kooner FMS remains focused on customer satisfaction, technological advancements, and sustainable best practices.

About Kooner Fleet Management Solutions
Kooner Fleet Management Solutions is a leading provider of on-site fleet management, mobile fleet services, and last mile maintenance solutions. With a focus on innovation, customer satisfaction, and operational excellence, the company delivers tailored services to transportation companies of all sizes to optimize fleet health, reduce downtime, and improve performance.
